This camp is a unique opportunity for current 7th and 8th grade female-identifying students to spend five days enjoying hands-on math and science workshops and other activities on Westminster’s campus. The $250 fee supports 5 days camp, all science activities, lunches every day, and a dinner with women working in STEM fields. The day camp runs from 9:00 a.m. to 5:00 p.m.

To attend, submit an application and ask your math or science teacher to submit a teacher recommendation form. Accepted girls will be notified starting April 20, 2020. Go to westminstercollege.edu/camps for more information and application forms. Scholarships are available.
