1. MESSAGE FROM THE DEAN OF STUDENTS

Dear Westminster Student:

I am excited to welcome you to Westminster College for the 2018–19 academic year. You have chosen to attend Westminster because of its “devoted faculty, purpose-driven academic programs, and distinctive location [that] fosters inclusive engagement, student-centered learning, and opportunities to explore.” These are the principles of our tight knit community that create a thoughtful and diverse student body that engages holistically in the college journey. It is this foundation that supports your development in creating a meaningful life through learning—no matter where you come from.

This Student Handbook will acquaint all students—new and returning—about many aspects of Westminster. In these pages, you will see descriptions of the services and activities available to students, as well as our rules governing academic life and our student code of conduct. This code, developed with faculty, staff, and students’ input, provides the model for student interactions on and off campus and is central to Westminster’s unique culture and community. The Student Handbook establishes the responsibilities that students have in making this a campus that values: impassioned teaching and active learning; respect for diverse people and perspectives; collaboration and teamwork; personal and social responsibility; college-wide excellence; and high ethical standards. I ask that you review the services and the student code of conduct and abide by them.

I hope that you take advantage of all the opportunities that exist both in and outside of the classroom. Your campus experiences will inform your college journey and the years beyond. It is these experiences that make the College experience worth it. I look forward to hearing the wonderful things that you will accomplish this academic year.

Best Regards,
Karnell McConnell-Black
Dean of Students

2. ACADEMIC INFORMATION

Academic Catalog

The Academic Catalog is your road map to graduation. In most cases, the degree requirements in the Academic Catalog when you begin are the requirements you must meet for graduation. Therefore, you are responsible for graduation information and should refer to the catalog when in doubt about college policies. You should keep in touch with your advisor for changes affecting your major requirements.

The Academic Catalog contains the current academic calendar; admission requirements; a description of expenses; information on financial aid; academic policies; degree requirements;
and a list of the college’s trustees, administration, and faculty. It also describes registration policies and procedures in much more detail than the handbook. Please read those sections of the Academic Catalog carefully. The catalog also lists courses of instruction and course descriptions. The catalog can be found online under Academic Advising or the Registrar’s website at westminstercollege.edu/registrar/.

**Academic Calendar**

The Academic Calendar is found on the Registrar’s Office webpage. All deadlines and important dates are noted in the calendar and students are encouraged to be familiar with this important source of information.

**Schedule of Course Offerings**

Semester class schedules, showing courses to be offered during regular semesters, summer session, and May term of the current year are available online in Self-Service. There you can build a course plan through graduation, review your list of assigned advisors, and check progress towards your degree.

**Academic Advising**

Academic advising is crucial to Westminster College’s student-centered mission. It is a developmental process during which advisors work with individual students to create curricular choices designed to match the student’s life and career goals. Advisors, in partnership with students, will do the following:

- Share knowledge about the institution and the curriculum
- Link students to college and community resources
- Provide accessible advising
- Demonstrate sensitivity to diverse student communities

All new and first-year students receive individualized academic advising from a faculty advisor. Your Learning Community faculty will serve as your advisor for your first year, but all students are welcome to talk to a staff advisor in the START Center. New students meet with advisors to learn about college, select courses, discuss departmental resources and program requirements, and explore educational alternatives.

The START Center also coordinates transfer student advising and registration. Transfer students meet individually with the transfer academic advisor. Transfer students can also take advantage of INTR 100 - Transitioning to College, a one-credit course designed specifically for new transfer students.

Continuing students receive academic advising in the START Center or with a faculty advisor. By their junior year, students must formally declare a major and meet with a faculty advisor in their academic programs. Faculty advisors work with students to map out remaining
requirements and plan course sequencing to graduation. These advising sessions accomplish the following:

- Review the requirements for the degree, WCore, electives, and any special options, such as study abroad
- Ensure student is on track to graduate on time
- Discuss career and graduate school options

**Registering for Classes**

Registration is prioritized by class standing and the schedule is published on the Registrar’s Office website. Spring registration begins in November; registration for May-term, summer, and fall begins in April; and May-term and Summer Study Experiences (travel courses) registration will occur at the end of October.

**Declaring a Major**

All students must formally declare a major as soon as they have decided on one, but no later than the completion of 60 credits. This important advising process includes being assigned a faculty advisor, meeting with your faculty advisor, and completing major-declaration forms available on the Registrar’s Office website. Students may request a faculty advisor through the school office of their major. Students who do not complete the major declaration process by the time they reach 60 credits will have a hold placed on any upcoming registrations.

**Payment of Tuition and Fees**

Tuition, fees, and room and board charges are due in full on the first day of the given semester. Students who pre-register should make financial arrangements with the Student Account Services office in Bamberger Hall prior to the first day of the given semester. Students registering late must pay in full at the time of registration. Students unable to pay in full must make other arrangements with the Student Account Services office by the first week of the semester.

The college reserves the right to grant or deny financing for students based on their credit worthiness. In addition, the college reserves the right to cancel the registration of any student who fails to comply with all terms of their financial obligation. Additional information on this policy is available in the Student Account Services office.

Statements of credit hours, certificates of graduation, or transcripts are issued only to students who are current in their obligations to the college. In compliance with the Family Educational Rights and Privacy Act, the Registrar’s Office will furnish unofficial transcripts for informational purposes only. (All outstanding charges are due and payable at the time students leave the college.)

**Dropping/Adding Courses**
The academic calendar displays the dates for the last day to add and drop classes. Classes can be added online through Self-Service until the first day of class. After classes begin, students may add classes with instructor permission by submitting an add card (obtained from the Registrar’s Office or website) signed by the instructor to the Registrar’s Office through the last day to add classes. Students may drop a class using Self-Service through the last day to drop classes.

**Withdrawing from College**

Thinking about dropping out? Talk with someone who can help with your decision, such as a counselor, your advisor, or the Dean of Students Office. Students may withdraw from classes without penalty by the last day to drop classes. Students may still withdraw from classes through the eleventh week of class and receive a W, which does not affect a student’s grade point average (GPA). Students who withdraw after these dates receive a grade of WF, which is calculated as an F in the GPA. Forms are required for a withdrawal from Westminster and can be found in the Registrar’s Office and the Dean of Students Office. The refund schedule available on the Student Account Services website applies for classes dropped after the last day to drop.

For withdrawal deadlines for classes that do not meet the full semester, refer to the Registrar’s Office website. In case of illness or injury, family members may complete the student withdrawal from the College. In case of duress or special need, an administrative withdrawal may be initiated by the dean of students. A residential student who withdraws from classes will forfeit their housing deposit and most likely will be charged an amount pro-rated from the day Campus Housing opened to the date the room key is returned to the Office of Residence Life. Upon move-out, they will also most likely lose any unused meal plan funds. Students who fail to withdraw from courses they have not attended are liable for all tuition and interest charged to their accounts. Grades of F are assigned at the end of the semester for any classes that students fail to drop.

There might be significant costs associated with this decision, so be sure to talk to the Financial Aid office first. There may be other effects given the negative effect a withdrawal may have on your completion rate. Changes in registered hours may change any financial aid disbursed to an account. For example, if a student receiving merit-based aid should withdraw from the college, the student’s financial aid award is canceled and all unpaid tuition resulting from the cancellation of the merit-based aid for that semester is due and must be paid immediately. The catalog lists all the details about grades and refunds. Check the deadlines in the academic calendar. To withdraw officially from Westminster, you are required to fill out the Withdrawal from College form and obtain the required signatures.

**Unusual or Extenuating Circumstances**

Students sometimes face unusual or extenuating circumstances that prevent them from finishing a course or semester or otherwise complying with institutional deadlines. A Review Committee meets monthly to examine petitions made by students regarding retroactive record changes (e.g., medical withdrawal) and/or full or partial charges of tuition and fees. A student’s petition, which includes a detailed letter and appropriate documentation of the unusual or extenuating
circumstances, can be submitted to the Registrar’s Office. All petitions must be submitted within six weeks after the end of the semester in question. Absent serious extenuating circumstances, requests submitted beyond six weeks after the end of the semester will not be considered. Because tuition insurance is recommended, petitions for removal of tuition charges are rarely approved even if the committee decides to approve a change to the academic record. If a petition for refund is granted, changes will be made retroactive only to the last date of attendance, and tuition charges will be adjusted according to Westminster College’s posted refund schedule found on the Student Account Services webpage. Reevaluation by the student’s physician or counselor may be required prior to re-enrollment.

Following these guidelines, the Review Committee will either approve or deny all petitions. A student who thinks there has been unfair bias or encountered a procedural error made by this committee may appeal it in writing within ten calendar days to an Appeals Committee chaired by the Vice President for Finance and Administration. The decision reached by this committee is final.

NOTE: The Review Committee cannot change rules regarding the amount of federal financial aid that must be returned when a student does not fulfill program requirements. Students are encouraged to read “Withdrawing and Its Effect on Financial Aid” section in the academic catalog (catalog.westminstercollege.edu) and call or visit the Financial Aid Office to determine specific implications for anticipated registration changes. In many cases, if a student withdraws from classes both the federal and institutional financial aid award may be adjusted and all unpaid tuition resulting from the cancellation will become due immediately.

Westminster’s grading system is as follows:

**Credit/No Credit**

Students may exercise the credit/no credit grading option for a maximum of two courses during their time at Westminster. To elect the credit/no credit option, apply at the Registrar’s Office.
before the date published on the academic calendar. You may not change your decision after that time. Under this grading scheme, students receive a “CR” instead of letter grades C- through A or an “NC” for grades F, D+, D, and D-. Grades of CR or NC are not figured in your GPA.

Although students may elect the credit/no credit option for any course, students must earn passing letter grades (C- or above) in courses applied toward their majors or minors. Therefore, if students elect the CR/NC grading option for a major or minor course, students will need to repeat that course in a future semester. Courses only offered on a credit/no credit basis are excluded from these limitations.

Students who declare a major after taking a course in that subject on a credit/no credit basis, and who received credit may be required by their major’s department to repeat the course to earn a regular letter grade.

Incompletes

When extenuating circumstances occur beyond a student’s control, such as medical issues or family emergencies, students can request that faculty assign them an incomplete grade. At the time of request, students should have a passing grade and have completed at least two-thirds of the required course-work. Generally, incomplete grades are not given when the incomplete work includes team-based projects and assignments, although exceptions can be made. If a faculty member determines an incomplete grade is warranted, all work must be completed by the date specified by the faculty member within 10 weeks after the course has ended. Adjunct faculty members must inform the department chair of the incomplete and devise a plan to assure follow-through during the extended period. If the work is not completed by the end of the period specified, the temporary mark is changed to the grade indicated by the instructor, or if no grade has been indicated the mark is changed to an F. When coursework in which a student has received an Incomplete has been made up, the final grade is entered with I and the letter grade (for example, IA).

Alternatives to incomplete grades may include a) the students repeating a course to improve the grade and their GPA, or b) filing a petition with the Review Committee for a late withdrawal when the extraordinary circumstances faced by the student are documented and resulted in failing all classes in a term. Faculty members may adopt late assignment rules or more restrictive incomplete policies and are encouraged to articulate those policies on the syllabus.

Note for graduating students: A grade of “I” for any class in a student’s last semester will automatically move them to the next graduating semester.

Grade Changes

Changes to final submitted grades are made in the case of instructor error and require the approval of the instructor, the dean of the appropriate school, and the Provost. If you feel an error has been made by an instructor, contact the instructor first.

Computing the GPA

To compute your GPA, you assign each of the grades a grade point in the following manner:
A  4.0  C-  1.7
A-  3.7  D+  1.3
B+  3.3  D   1.0
B   3.0  D-  0.7
B-  2.7  F   0.0
C+  2.3  WF  0.0
C   2.0

Convert your letter grade to its grade point equivalent. Do this for each course taken, add these numbers and divide by the number of credits taken that semester. Transfer credits do not contribute to your Westminster GPA. Applicants for the School of Nursing need to review requirements for application in your academic catalog.

Repeated Courses

Students may repeat a course to improve a grade in the class. In the case of repeated courses, the highest grade awarded is used in the calculation of the student’s GPA and completion of requirements.

Repeated course grades are marked by an "R" grade for the highest grade awarded and an "X" for the previous grade that is being replaced. An "R" grade is calculated into the semester and cumulative GPA. An X grade remains calculated into the semester GPA, but is not calculated in the cumulative GPA.

Grade Reports

Grade are visible in Self-Service at the end of each term. If a printed grade report is needed for insurance verification, etc., please request a copy from the Registrar’s Office.

Transcripts

Official transcripts may be ordered online following a link from the Registrar’s Office website. Students with outstanding financial obligations to the college will not be able to obtain their transcript.

Dean’s List

The Dean’s List is an academic honor list computed after fall and spring semesters. To qualify for the list, students must complete at least 12 graded credit hours and achieve a 3.5 GPA or higher for the term. Courses graded credit/no credit are not counted toward the 12 hours.

Academic Problems
If you have a problem with a class or grade, discuss it with your professor. If the situation cannot be resolved with the professor, contact the school or program in which the problem originated and follow the Academic Grievance Procedure.

**Academic Grievance Procedure—Appealing a Grade**

Students have the right to appeal or petition an academic decision. For the appeals procedure to be followed after suspension, see Appeals Procedure for Readmission. The other appeals reside within each school. The student must make the appeal or petition, in writing, in accordance with the applicable school or program procedure. Please see the appropriate dean or program director for a copy of the procedure. Written appeals must be submitted during the first four weeks into the next semester and must include documentary evidence that the student feels has a bearing upon the request.

A faculty committee from the school involved reviews the appeal. The student may be present at the hearing. The decision of the faculty appeals committee will be reported to the student within five school days of the date of the hearing.

If the decision of the faculty committee within the school is not acceptable to the student, the student may file a written appeal to the provost within five (5) school days following notification of the faculty committee. The provost will assemble a committee, consisting of the dean of students and deans of the schools not involved to consider the appeal. All materials included in the faculty’s deliberations, including the student’s written appeal and the proceedings of the faculty hearing, are made available to this provost committee and become part of the proceedings. The hearing before the provost committee will be held within fifteen (15) school days of receipt of the written appeal. The student may be present at the provost committee hearing. The student and faculty representatives may call members of the college as supporting witnesses. The decision of the provost committee is reported to the student within five (5) school days of the date of the hearing.

**Note:** The individual school grievance process must happen before the grievance goes to the Provost’s office.

**Decisions of the Provost’s Committee are final.**

Students have the right to continue their enrollment and participation in academic programs until final decisions are reached. Failure of students to file appeals within specified time limits is considered acknowledgment of the action without intent to appeal.

**Academic Standing-Undergraduate**

*Please note that graduate student academic standing information is found in the Academic Catalog for each graduate program.*

**Good Standing**
The academic standing of each undergraduate student is determined by examining records at the end of fall, spring, and summer semesters. Requirements for students in graduate programs are outlined under the individual graduate programs. Students must earn the minimum semester GPA shown below to be in good academic standing at the college. Students already on probation may be returned to good standing during summer semesters but cannot be placed on probation or suspended during summer semesters.

<table>
<thead>
<tr>
<th>Total Number of Hours Attempted at Westminster</th>

</tr>
<tr>
<td>14–27</td>
<td>1.80</td>
</tr>
<tr>
<td>28 and above</td>
<td>2.00</td>
</tr>
</tbody>
</table>

In addition, students must have earned a cumulative GPA of 2.00 at the completion of their third and subsequent terms to remain in good academic standing. This policy is intended to aid first-time students and does not apply to students awarded transfer hours from other institutions.

**Probation**

A minimum cumulative GPA of 2.00 is required for graduation. Students whose averages drop below 2.00 will automatically be placed on probation and assigned to a counselor either in the Retention or the Student Affairs area. Students on probation are required to meet with an assigned probation advisor and develop a plan to return to good academic standing.

While on academic probation, students may not register for more than 13 semester hours of credit or an internship, and may only participate in one curricular or extracurricular activity, unless additional activities are required for the major and are approved by the program director. Curricular activities include choir, drama, and journalism. Extracurricular activities include student government. Students on academic probation are not eligible to participate in college athletics.

Students must meet required semester and cumulative GPAs to return to good standing. Students who meet term GPA requirements, but not cumulative GPA requirements, may be considered for continued probationary status rather than suspension if the term GPA shows substantial progress toward meeting all grade-average requirements.

**Suspension**

Students who fail to earn the minimum GPA required for good standing during a probationary semester are suspended from the college. Students may not register for any classes while suspended, and suspension lasts for one or more regular semesters. To be readmitted, a student must appeal for readmission (see Academic Appeals).
Appeals Procedure for Readmission – Appealing a Suspension

A student who has been suspended must petition the Academic Appeals Committee for readmission before the beginning of the semester the student wishes to re-enroll. If the student feels extenuating circumstances contributed to the failure to meet the minimum GPA, they may choose to appeal for readmission immediately following the suspension. However, if the committee finds that extenuating circumstances did not exist, the appeal for readmission is denied, and the student will be suspended for one or more regular semesters before again appealing for readmission.

To appeal for readmission, a student must submit a letter to the Director of Student Success and Retention, and may be asked to provide documentation that supports their request. The student is also encouraged to request a letter from their academic advisor or other faculty members in support of the appeal. The student is notified of the next Academic Appeals Committee meeting and is given an opportunity to present their case in person. Decisions of the Academic Appeals Committee are final.

A student readmitted through the appeals procedure is placed on continued probation. If the student has been out of the college for more than two regular semesters, and/or has taken courses elsewhere, they must also submit an application for readmission to the Admissions Office. Contact the Director of the Student Success and Retention at 801.832.2260 for more information, meeting times, and deadlines.

Commencement (Graduation)

Candidates for graduation should apply to the Registrar’s Office two regular semesters prior to their planned completion date. Applications are due October 1, for students planning to graduate after spring, May, or summer terms and April 1, for students planning to graduate after fall semester.

Graduation applications are available in the Registrar’s Office or website. Students are expected to meet with their academic advisor to have them review and sign all required paperwork. The Registrar’s Office makes every effort to notify candidates of remaining degree requirements and overall graduation status in a timely manner when applications are received on time.

The responsibility for being informed and adhering to graduation requirements rests with the individual student.

4. STUDENT RESOURCES

Student Resources (listed alphabetically)

One of the goals of Westminster College is to foster an environment where all students can learn self-discipline and take responsibility for the quality of their living and learning. All members of the college are here to provide guidance to support students’ academic and out-of-class activities.

The Student Affairs team offers a wide variety of programs, support, activities, and information, and has prepared the following directory of student resources. Refer to this list when you have questions.

Associated Students of Westminster
Every student currently enrolled for two (2) or more credit hours is automatically a member of the Associated Students of Westminster (ASW). The mission of ASW is to promote shared governance on campus; develop a sense of community; facilitate better communication with the faculty, staff, administration, and board of trustees; enrich the lives of students attending the college; provide leadership, training, and opportunities for students; and provide a forum for student concerns.

ASW is led by the executive, senate, student activities, clubs, and judicial branches. Through the ASW Events, ASW sponsors a wide range of social, cultural, and educational programs, which include dances, lectures, concerts, community services, and traditional campus events. Authority and power are established and granted respectively to ASW by the Board of Trustees of Westminster College. The ASW office is located in the Shaw Center, and ASW has the following leadership positions:

**President:**

The President is the chief liaison to the Board of Trustees and board committees, and oversees the management of the ASW office and its functions. The President also represents Westminster College by serving on the executive board of the Utah Student Association.

**Vice President:**

The Vice President serves as an administrative coordinator and assistant to the President. The Vice President also serves as the liaison for ASW to the Westminster Career Center and Alumni Office.

**President of ASW Clubs:**

The President of ASW Clubs coordinates club service projects, facilitates advertising for club events, and helps students form new clubs. The President of the Inter Club Council (ICC) also chairs the ICC and ICC Board.

**President of ASW Events:**

The ASW Events coordinates, plans, and oversees all student events, activities, and programs under the leadership of the President of ASW Events. Underneath the President, there are nine individual chairs and directors that oversee specific areas and types of events.

**Chief Justice:**

The Chief Justices oversees the Judicial Council in matters of ASW judiciary matters. The JUDCO reviews new club constitutions and is the judicial hearing body for ASW concerns.
Speaker of the Senate:

The Speaker of the Senate calls and presides over Senate meetings. The Speaker is a person who is elected as a member of the Senate who is then selected by the Senate for the Speaker of the Senate position.

Director of Budget and Finance:

The Director of Budget and Finance keeps budget records for ASW, authorizes all expenses, and reports financial information to the student body. The Director of Budget and Finance also co-chairs the Opportunity Fund and Joint Fund Committees.

Director of Communications:

The Director of Communications works with other members of ASW to manage all marketing efforts, including the ASW webpage, email account, and advertisements. The Director of Communications also designs the student planner.

The Senate:

The senate is the policy-making body of ASW and serves on ad hoc committees. The senate debates, ratifies, and votes on all issues and legislation brought before them. This legislative body consists of senators who are elected from each academic school and each class year. Senators are elected each spring semester for the following year in both academic and class representative roles. First-year student senate seats are elected in the fall.

The Judicial Council:

The judicial council receives, coordinates, and archives all ASW senate charters, constitutions, and by-laws. The judicial branch has jurisdiction necessary to enforce the ASW constitution, by-laws, and regulations.

ASW Events:

The events team is chaired by the ASW Events President and governed by the ASW Events Board, which is composed of chairs of each of the individual ASW Events committee. The events team initiates, administers, and coordinates most ASW-sponsored activities. Students interested in positions on the commission should contact the ASW Events President in the ASW office or call 801.832.2716.

ASW Clubs:

Clubs and organizations through ASW are overseen by the ASW Clubs. Each club has a representative on the council. The ASW Clubs Board is comprised of five elected
members of the clubs council to coordinate larger club matters. Both the ASW Clubs Board and the council are chaired by the ASW Clubs President. The wide variety of student clubs and organizations at Westminster offers a number of ways to get involved. More information about clubs and organizations can be obtained at the annual club fair at the beginning of the school year. If you are interested in starting a new club on campus, contact the ASW office or the Dean of Students Office for more information.

For more information on ASW related activities, please visit the website myasw.com.

**Campus Concierge**

The Campus Concierge desk is located in the Shaw Center, across from the Dean of Students Office. Here students can find a variety of information regarding local events and activities, both on campus and in the community. The Campus Concierge often offers discounted tickets to area plays, concerts, and events. They also house the lost and found on campus. The Campus Concierge provides free fax service, and can be reached at 801.832.2244.

**Career Center**

The Career Center provides assistance with career exploration and planning, internship opportunities, graduate-school advising, job-search skills, interview preparation, and employment opportunities. Located in the Shaw Center, room 101, the Career Center provides individual advising appointments, career events, on-campus recruiting opportunities, workshops, an updated career library, and online resources.

Students will register for an internship for credit through the Career Center and can identify internship opportunities by meeting with a professional there in the office. Students also have access to Handshake, an interactive online job/internship board. Internships are available for academic credit and combine professional experience with classroom knowledge. Eligible students structure learning objectives and internship responsibilities under the guidance of the Career Center and a faculty advisor. Prerequisites include junior or senior standing (for transfer and MBA students, at least 15 hours completed at Westminster), a minimum 2.5 GPA, some courses completed in the student’s major or minor, and consent of the Faculty Internship Coordinator and the Career Center Internship Coordinator.

**Counseling Center**

Dean of Students Office

The Dean of Students Office (located in the Shaw Center) is the main student advocacy office on campus. Students can come here if they have questions about college policy, posting of notices on campus, student activities, student government, and/or the 60+ student organizations on campus. A student can secure a vendor table and submit information for the Dear John weekly publication.

The office serves as the information center for residence life, commencement, convocation, food service inquiries, leadership, and student conduct. The dean of students; assistant dean of students; and director of student involvement, leadership, and orientation are housed in this office.

Disability Services

Westminster College seeks to provide equal access in higher education to academically qualified students with physical, learning, or psychiatric disabilities. Disability Services works with departments throughout the college to ensure that programs and facilities are accessible to all members of the college community. Eligibility for services is determined by the director who conducts a comprehensive intake appointment with each student. Students who request program eligibility are asked to describe the nature and impact of the disability and prior use of accommodations to clarify how it may interact with living and learning on campus. Submitting relevant professional documentation is important and is used to confirm eligibility and support requests for accommodations, academic modifications, and/or other aids. Once eligibility is established, students meet with disability services staff a minimum of once per semester to determine individualized accommodations.

Visit westminstercollege.edu/disabilityservices for more information regarding Disability Services policies, procedures and guidelines for documentation. Call the Director of Disability Services at 801.832.2289 for an explanation of how and from whom to obtain relevant and current documentation.

Financial Aid

Steps to Apply for Financial Aid

The college uses the Free Application for Federal Student Aid (FAFSA) to determine eligibility for federal, state, and institutional aid. Determining need is an annual process. You must reapply every year.

FAFSA

Complete FAFSA or submit a renewal application. The FAFSA results will be sent electronically to Westminster College. The Westminster College School Code is 003681. Utilize fafsa.ed.gov to apply online.

Rights and Responsibilities of Students Receiving Financial Aid

1. Confidentiality of Financial Aid Records

   All financial grants and scholarship records are maintained by the college on a confidential basis. Students have the right to review their records at any time. A student must complete an Information Release form for financial information to be discussed with other individuals including parents.

2. Reporting Other Financial Aid

   All aid received from sources outside the college (community, company, private agency, employer, etc.) must be reported to the Financial Aid Office. Any portion of financial aid that has been awarded in response to the student’s financial need is subject to revision if
the student’s total aid exceeds their financial need. This is necessary in most cases due to
government regulations, which restrict the use of funds.

3. Verification of Income/Assets

A student who is selected for verification and who receives need-based financial aid may
be required to submit a copy of their own and/or their parents’ federal income tax return
transcript and W2 forms. Other documentation may be requested to answer questions
concerning family income/assets, family size, number in college, non-taxable income,
etc. Financial aid awards are subject to change if verification procedures result in a
different calculation of need. Financial aid cannot be disbursed to a student’s account
until the verification process has been completed.

4. Enrollment Requirements

A recipient of an institutional scholarship or grant must be registered as a full-time or
part-time student, depending on the specific requirements of the scholarship or grant
awarded. A student withdrawing from the college, or dropping their registration to a level
of ineligibility during a term in which they are receiving a college-funded scholarship or
grant, will forfeit the scholarship or grant.

5. Federal Aid

A recipient of federal student aid (Pell Grant, SEOG, Perkins Loan, FWS, Direct
Subsidized Stafford Loan) must demonstrate financial need in accordance with an
approved needs analysis system; and be enrolled as at least a half-time student,
maintaining satisfactory academic progress. Per federal regulations, students are only
eligible for a maximum of six years of Pell Grant funding. Need-based aid made
available to a student from federal and non-federal sources cannot exceed the difference
between the student’s cost of education and their expected family contribution—as
determined by the FAFSA federal calculation. Total financial aid awards (including
private scholarships, Direct Unsubsidized Stafford Loan, Parent and Graduate PLUS
Loan, Alternative Education Loans, etc.) cannot exceed a student’s cost of attendance.

6. Academic Scholarship and Grant Terms

Academic scholarships and grants administered by Westminster College are given in
recognition of academic achievement. Students must adhere to established criteria for the
scholarships and grants.

7. Terms for Renewing Aid

All financial aid is awarded on an annual basis. Parents and students must file a FAFSA
each year if the student is eligible by the Department of Education criteria for assistance.
based on need. Independent students must also file a FAFSA each year when applying for financial assistance based on need.

Grade Requirement

Students attending Westminster College must maintain a 2.0 cumulative GPA. Students will be monitored for compliance on an annual basis at the end of the academic year. If a student is placed on academic suspension by Westminster College, the student will not be eligible for financial aid. To reinstate financial aid eligibility, the student must regain a 2.0 GPA at Westminster College.

Cumulative Satisfactory Academic Progress

In addition, a student must have a 70 percent cumulative completion rate of the hours attempted to continue eligibility for federal financial aid. For example, if a student attempts 24 credit hours over a fall and spring term and only completes 12 credit hours, the student will be considered to be ineligible for federal financial aid and sent a letter of notification.

Program Length Requirement

Undergraduate Students

In addition, quantitative measure is based on completion in a timeframe less than 150 percent of the program length to continue to receive federal financial aid. An example would be: an undergraduate program that requires 124 credit hours to complete will allow for federal financial aid up to 186 hours or 150 percent of the entire program length—as long as a student meets other requirements based on grades and cumulative satisfactory academic progress.

Transfer Credits

Transfer credits taken prior to attending Westminster College are counted as completed hours. Transfer students will have a GPA based only on courses completed at Westminster College. A student that transfers must take 36 credit hours at Westminster College. A maximum of 88 external undergraduate credit hours can be accepted toward a degree. If a student has a bachelor’s degree and is earning a second bachelor’s degree, the student would be automatically awarded 88 hours of transfer credit. This will also count toward the maximum timeframe for completion. If a student changes majors, the coursework will still be counted in the Satisfactory Academic Progress and part of the 150 percent program length timeframe. If a student pursues a second degree, the timeframe will be evaluated for the 150 percent program length. Coursework completed during Summer term will be counted in the overall completion rate and entered into the 150 percent program length.
Incompletes, Noncredit, or Withdrawals

Incompletes, noncredit or withdrawal grades (F, I, NC, W, T, WF) will be counted as attempted and not completed courses. Noncredit remedial courses are not offered at Westminster College and will not count as transfer credit.

8. Satisfactory Academic Progress Requirements for Receipt of Student Financial Aid

Students must maintain satisfactory academic progress in their academic studies in order to receive Title IV (federal) and institutional financial aid funds. Title IV (federal) student financial aid includes the following programs:

- Federal Pell Grant
- Federal Supplemental Educational Opportunity Grant (SEOG)
- Federal Work Study (FWS)
- Federal Perkins Loan
- Federal Stafford Loans
- Federal PLUS Loans

Students Receiving Financial Aid Funds

The Financial Aid Office will utilize the college’s Academic Standing Policy. Full-time and part-time (undergraduate and graduate) students must complete at least 70 percent of the credit hours for which they enrolled to be making satisfactory academic progress. Any class that appears on the academic transcript as “graded” will be counted toward total credit hours enrolled. Transcript grades include the following:

- A, A- Excellent
- B+, B, B- Above Average
- C+, C, C- Average, CR (credit)
- D+, D, D- Poor, R (repeated)
- F (failure), W (withdrawn), NC (no credit), T (temporary), I (incomplete), X (repeat), WF (withdrawn failing), UW (unofficial withdrawal), AU (audit, no credit).

Additionally, the student must maintain a cumulative GPA of 2.0. If satisfactory academic progress requirements are not met, the student will be determined ineligible to receive Title IV and institutional financial aid funds.

Students enrolled in the Project-Based Bachelor of Business Administration (BBA), Project-Based Master of Business Administration (PMBA), and Project-Based Master of Strategic Communication (MSC) programs will be reviewed for compliance with the satisfactory academic progress policy using grade or grade equivalencies. Grades of ‘EX’ (Exceeds Project Standards) are regarded as equivalent to ‘A’ level work; grades of ‘M’ (Meets Project Standards) are regarded as equivalent to ‘B’ or ‘C’ level work; grades of
‘DN’ (Does Not Meet Project Standards) are regarded as equivalent to ‘D’ or ‘F’ level work. Grades of ‘EX’ and ‘M’ will be counted as credit hours completed while grades ‘DN’ will not be counted as credit hours completed.

Timetable for Review

Students’ records will be reviewed at the end of each academic year to determine whether they are in compliance with the Satisfactory Academic Progress Policy. The academic year ends with spring semester and will include any period of time during the academic year the student was enrolled. Students who have grade changes that affect academic progress after it has been reviewed are responsible for notifying the Financial Aid Office so that their progress may be re-reviewed for compliance. Grade changes including incomplete grade updates affecting student eligibility for financial aid, must be on file with the Registrar’s Office prior to the first date of classes in the next semester of enrollment in order for the student’s record to be re-reviewed for satisfactory academic progress in that semester.

Grade Reports Special Note

The following will not be counted as credit hours completed:

- **F** Failure, **I**: Incomplete, **NC**: No Credit,
- **X** Repeat, **WF**: Withdrawn Failing,
- **W** Withdrawn, **T**: Temporary,
- **UW** Unofficial Withdrawal

Repeated Coursework

Retaken classes will count against satisfactory academic progress. A student may receive Title IV financial aid funds and count the repeated coursework as part of their enrollment hours, for one time only, for coursework not previously passed. For repeated coursework, passed means any grade higher than an ‘F’.

Program Length Requirement

In addition, a student becomes ineligible for federal financial aid when it becomes mathematically impossible for them to complete their program within 150 percent of the length of the program. An example would be: an undergraduate program that requires 124 credit hours to complete will allow for federal financial aid up to 186 hours or 150 percent of the entire program length-

Reinstatement
After becoming ineligible for student financial aid funds, a student can be considered for receipt of financial aid only when the completion percentage and GPA requirements have been met.

Notification

The Financial Aid Office will notify by letter any student receiving financial assistance who does not meet the satisfactory academic progress requirement and has been determined to be ineligible for financial aid. The notice will be addressed to the student’s most current address on file at the college. It shall be the student’s responsibility to inform the Registrar’s Office of a correct mailing address at all times.

Right to Appeal and Appeal Process

Any student who has been determined to be ineligible for financial aid has the right to appeal. The following appeal process will be utilized:

All satisfactory academic progress appeals must be submitted and on file with the Financial Aid Office prior to the first date of classes in the next semester of enrollment in order for the student’s appeal to be reviewed.

The student appealing the satisfactory academic progress decision will submit a written appeal, Financial Aid SAP Appeal Form, documentation to the Financial Aid Office stating the circumstances which caused the student not to be able to meet the satisfactory academic progress requirements, and what steps have been taken to correct said circumstance. The Financial Aid Office will give a decision in writing within five working days of receipt of the appeal. If the appeal is not approved, and the student wishes to proceed further with the appeal, the student can submit an appeal to the director of financial aid. The director of financial aid will give a decision in writing within five working days of receipt of the appeal.

If the student’s satisfactory academic progress appeal is approved, the student must set up an academic plan with the START Center and sign a Satisfactory Academic Progress contract. The signed contract and academic plan must be submitted and on file with the Financial Aid Office prior to the last date of add/drop in the next semester of enrollment in order for the student to be awarded financial aid funds.

Once the academic plan has been submitted, the student must meet all of the terms outlined on the plan.

9. Terms of Student Loans

Federal Perkins Loans are administered by Westminster College and awarded to students who demonstrate financial need and who are enrolled on at least a half-time basis. These loans are interest-free while the student is attending the college on at least a half-time
basis. Students must sign a promissory note for Perkins Loans with the student account services coordinator at Westminster College prior to the loan funds being credited to their accounts. On Perkins Loans, principal (minimum $40.00 per month) and interest payments (five percent per annum on the unpaid balance) begin six or nine months after the student ceases to be at least a half-time student. The repayment period on the loan may be as long as 10 years, depending upon the amount borrowed. Future Availability: The final year the Federal Perkins Loan will be available to all eligible undergraduate students will be the 2017–2018 academic year. All Perkins Loan initial disbursements must be awarded and disbursed prior to September 30, 2017. For information on deferment, postponement, and cancellation provisions for Perkins Loans, contact the student account services coordinator at Westminster College.

Federal Stafford Loans first-year dependent undergraduate students may borrow up to $5,500 per academic year. First-year independent undergraduate students may borrow up to $9,500 per academic year. Second-year dependent undergraduate students may borrow up to $6,500 per academic year. Second-year independent undergraduate students may borrow up to $10,500. Dependent undergraduates past the second year may borrow up to $7,500 per academic year to a total aggregate maximum of $31,000 for all undergraduate education—up to a maximum of an aggregate of $23,000 in subsidized loans. Independent undergraduates past the second year may borrow up to $12,500 per academic year, to a total aggregate maximum of $57,500. Graduate students may borrow up to cost of attendance or $20,500 whichever is less, per academic year to a total aggregate maximum of $138,500. Applicants must apply for need-based financial aid using the Free Application for Federal Student Aid (FAFSA) form. The Financial Aid Office will then determine the amount of a loan that the student may qualify for and certify student status to the Department of Education. The Stafford Loan interest rate is determined by the original disbursement date. The interest rate is capped at 8.25 percent. Repayment, at a minimum of $50 per month, begins six months after the student leaves school or drops below half-time enrollment status. Depending upon the total amount borrowed, repayment may be extended over a 10-year period. Visit studentloans.gov to complete mandatory entrance counseling and the master promissory note.

Federal PLUS Loans are available to graduate students and parents of dependent undergraduate students who have no adverse credit history. Parents and graduate students may borrow up to the cost of attendance (budget) minus any financial aid received, and must use the loan funds to pay educational expenses. The PLUS Loan is a fixed interest rate loan; annual interest rates are set every July 1. Monthly principal and interest payments begin 60 days after the 2nd disbursement; however, in-school deferment is available. The loans are processed through the Department of Education. Visit studentloans.gov to obtain a PLUS Loan application and master promissory note.

10. Entrance and Exit Counseling

Direct Stafford Student Loans, Perkins Loans, and Graduate PLUS Loans require that an entrance interview be completed prior to the first loan disbursement. Also, an exit
interview must be completed when the student leaves the school. Contact the Financial Aid Office for additional information. All federal loans will have an origination fee deducted from the loan proceeds as required by the federal government.

Reminder: The Perkins, Direct Loans, and Parent Plus loans MUST be repaid. Please contact the Financial Aid Office directly for a sample loan chart.

11. Private Loans

Private loans are available through the lender of your choice. Westminster College adheres to a code of conduct for private education loans. Contact the Financial Aid Office directly with more questions or concerns. The lender you choose will provide you with an applicant and self-certification form. Students may borrow up to the cost of attendance minus any financial aid received, and must use the loan funds to pay educational expenses.

12. Terms of Student Employment

Students who are offered Federal Work Study employment as part of their financial aid awards interview for various jobs on campus. The actual amount earned will depend on the number of hours worked. Students are paid at least minimum wage. Most students are employed an average of 12–20 hours per week. Students are paid twice each month. Students who have a balance due on their accounts are expected to apply up to 100 percent of their earnings to their accounts.

13. Payment of Awards

All grants, scholarships, and loans administered by Westminster College are credited to the student’s account in the Business Office. One half of the academic year (September–May) award is credited to the student’s account in the fall semester and the other half in the spring semester period, unless otherwise noted on financial aid award. Most graduate students’ awards are credited in thirds (September–July) over fall, spring, and summer semesters.

14. Refunds

Institutional refunds are determined on the date that add/drop or withdrawal forms are completed and processed in the Registrar’s Office. Refer to the appropriate class schedule for the specific refund schedule for each semester. All institutional charges (tuition, fees, and room and board) are refunded based on the refund schedule.

15. Return of Title IV Federal Financial Aid Funds

Federal regulations govern the return of Title IV (federal) financial aid funds which have been disbursed for a student who completely withdraws from college during a term,
payment period, or period of enrollment. The regulations operate under the principle that a student “earns” their financial aid based on the period of time they remained enrolled.

Effective July 1, 2000, Westminster College adopted the new “Return of Title IV Funds” regulations, which are part of the updated Higher Education Amendments of 1998.

During the first 60 percent of the enrollment period, a student earns Title IV federal financial aid funds in direct proportion to the length of time they remain enrolled (that is, the percentage of time during the enrollment period that the student remained enrolled is the percentage of disbursable aid for that period that the student earned). A student who withdraws from college beyond the 60 percent point has “earned” all Title IV federal financial aid for the period.

Unearned Title IV funds, other than Federal Work Study earnings, must be returned to the federal financial aid programs. Unearned aid is the amount of disbursed Title IV aid that exceeds the amount of Title IV aid earned under the formula. The return of the Title IV program funds to the federal programs is as soon as possible, but no later than 30 days after the date of the school’s determination that the student withdrew.

The responsibility to repay unearned Title IV aid is shared by the institution and the student in proportion to the aid each is assumed to possess. The institution’s share is the lesser of: the total amount of unearned aid; or institutional charges multiplied by the percentage of unearned aid.

The student’s share is the difference between the total unearned amount and the institution’s share.

Westminster College will return the unearned aid for which the school is responsible, by repaying the Department of Education to the following sources, in order, up to the total net amount disbursed from each source.
Title IV Programs Order of Federal Funds Returned:

1. Unsubsidized Direct Loan
2. Subsidized Direct Loan
3. Perkins Loan
4. Direct Grad PLUS Loan
5. Direct Parent PLUS Loan
6. Pell Grant
7. FSEOG
8. Iraq and Afghanistan Service Grant

Additional information, worksheets, and examples of return-of-federal-funds calculations can be obtained from the Financial Aid Office.

Equal Education Opportunity

Westminster College administers all of its educational programs, related support services, and benefits in a manner which does not discriminate against students or prospective students with regard to race, color, religion, gender, gender identification, sexual orientation, age, national or ethnic origin, disability, or a person’s status as a veteran.

ROTC Awards

For students receiving the ROTC Room and Board Grant, the amount is equal to the per semester charges of an assigned room (either single or double) plus a purple meal plan. All Westminster College institutional ROTC related funds are contingent upon the student contracting and validating their ROTC scholarship from the respective branch of the military. In cases where the ROTC scholarship is suspended or the student is dis-enrolled from the ROTC program, the student may have any merit award or other funding that was awarded to them as incoming student reinstated, assuming they still meet the college’s requirements for scholarship renewal and satisfactory academic progress.

Any student receiving ROTC scholarship funds is required to maintain the academic and enrollment requirements for both Westminster College as well as the respective branch from which the student is receiving ROTC scholarship funds. Students must also meet any additional requirements as outlined in the contractual agreement made with the ROTC detachment. Westminster College students receiving ROTC scholarships are not eligible to receive any institutional funds other than the Westminster College ROTC Room and Board Grant or Discretionary Grant if the student is living off campus.

Any additional costs will be the responsibility of the student. Any students living off campus may be eligible to receive a Discretionary Grant up to $2,500 per year. Room and board
scholarships for any term may never be used in conjunction with other room and board scholarships such as RA scholarships.

**Westminster Continuing Student Scholarships**

Are you wondering how you can qualify for additional scholarships after your first year? Our Continuing Student Scholarship program is the answer. Hundreds of donors have contributed scholarship funds to Westminster and we offer them to students in their second, third, and fourth years at Westminster. These scholarships are awarded based on the individual criteria set up by the donor and utilize your cumulative Westminster GPA. How do you apply? The Continuing Student Scholarship application is typically open each year between November and January. Complete one application and be considered for hundreds of scholarships.

Regulations and policies for federal and institutional financial aid programs change periodically. For additional information about any type of financial aid, contact the Financial Aid Office at 801.832.2500 or e-mail at financialaidoffice@westminstercollege.edu.

**Fitness, Wellness, and Recreation**

The Fitness, Wellness, and Recreation Department (FWRD) is dedicated to making a difference to the health and well-being of our community of learners. A myriad of health-oriented programs and amenities are available in HWAC. The center is equipped with a four-lane lap pool, comprehensive weight room, cardio equipment, group exercise studio, a 46-foot climbing wall, multipurpose gymnasium, racquetball court, and locker rooms. The FWRD offers over 25 group exercise fitness classes from yoga and Pilates to indoor cycling and Zumba. There are monthly wellness seminars on topics such as nutrition, meditation, and acupuncture. Over 10 different intramural sports are offered during the year. For those needing help to achieve their fitness and wellness goals, personal training is also available for a reasonable fee. There are also a number of community education classes offered including tap, belly dance, SCUBA, and golf among others.

The Outdoor Program exemplifies Westminster’s unique environment for learning. We are minutes from world-class skiing, mountain biking, and rock climbing in the local Wasatch Mountains. Beyond the Wasatch lies Utah’s red rock deserts, wild rivers, and vast wilderness areas—all of which become both our playground and our classroom.

Student leadership is a priority for the program and many of our outdoor trips are student-led. Graduates who were a part of the Outdoor Program often leave Westminster having weeks of valuable field experience, advanced certifications, and an understanding of how lessons learned in the outdoors can apply to other areas of college, career, and everyday life. When combined with the academic Outdoor Education and Leadership (OEL) program, students can find an enriching and seamless integration of their academic and co-curricular experiences at Westminster.
Westminster students, faculty, staff, alumni, and their guests are welcome to participate in Outdoor Program trips and events with priority given to current students. We are committed to supporting anyone who is interested in getting involved regardless of skill level, previous experience, and equipment needs. Whether you are joining us for an evening hike or a weekend in the backcountry, you’ll most likely learn something new, meet interesting people, and spend time in awe-inspiring places. Visit westminstercollege.edu/outdoors to see what events, trips, and certifications we offer.

**Food Service**

Food services are provided by Bon Appétit. All residential students are required to participate in a meal plan unless they are living at Westminster on the Draw. Students are able to choose one of two meal plans. If dietary issues arise in relation to food services, contact the Office of Residence Life at 801.832.2245 for information on procedures.

All residential students must use their ID card to access food services. Food services will not accept your number verbally. If your ID card is lost or stolen, report it immediately to food services at 801.832.2707, the dean of students at 801.832.2230, and/or the director of residence life at 801.832.2245. Food services will activate your new and/or replacement card before it can be used. Meal plans are non-transferable (see residential housing contract).

Commuting students are encouraged to set up a food service account and use their student ID for food purchases. In addition to our gold and purple meal plans we offer three commuter plans (Sky, Snow, and Copper), which offer 10 percent bonus cash which is loaded directly on the card.

**HIV/AIDS**

Westminster College’s primary response to AIDS is education. The most important goals for the college are increasing the awareness of HIV/AIDS infection and providing education to prevent further spread of HIV. Current medical evidence indicates that no actual risks of HIV/AIDS infection are created in a normal academic or employment setting. The School of Nursing Student Handbook provides guidelines for clinical experiences and the prevention of HIV transmission.

Individuals concerned about contagious disease and the institution’s commitment to public safety and access to education, including information about HIV infection and AIDS-related issues, may also contact the Student Health Services Center.

**Identification Card**

Students are required to obtain an official student identification card within one week of enrollment at Westminster. Students are required to carry the card at all times and present it when requested by any College official including Campus Patrol and Food Service staff members. If a card is lost or stolen, please contact the Dean of Students Office. You may obtain
your ID and current year sticker in HWAC. This service is available during HWAC hours of operation. A replacement card is available for the fee of $10.

Your ID card is needed to use the Giovale Library, your meal plan at the Shaw Center, HWAC, and all college and university libraries in the state. It is also required to be in your possession while in the residence halls, and fines may even be imposed if you are without your card there. Your ID card with the UTA logo on the back also serves as your UTA pass which will allow you on all buses, TRAX, and FrontRunner trains. The UTA pass is not valid on ski busses. It will also entitle you to student discounts at Westminster theatre productions, movie theaters, Utah Symphony concerts, and other places that offer student discounts. Please note that your UTA pass is only valid during the semesters that you are enrolled in classes, working and/or living on campus.

The alteration or misuse of a student identification card is prohibited. This includes possessing, presenting, or using another person’s card or card number without permission. Students must surrender their identification card to a college official upon request.

Information Services

The Information Services (IS) department is committed to providing a technologically engaging learning experience to students, faculty, and staff.

At Westminster, students learn best when actively engaged both inside and outside the classroom. To that end, many of our courses use computer technology that requires instant access to web-based materials. A new “Westminster Anywhere” technology platform will provide students with access to the College’s network anywhere there is adequate internet access. And with expanded and enhanced campus Wi-Fi, connecting in the classrooms and common areas should be a snap.

Westminster’s approach to education is based on the development of close personal relationships with professors and peers. But it is also designed to encourage you to enrich those relationships by using all the resources that technology-assisted learning provides. Ensuring that all students have a laptop on campus is an integral part of our educational model and a critical component of the unique learning environment we offer. Visit westminstercollege.edu/mobilecomputing for more information about our laptop minimum requirements.

All Westminster students are required to own or have access to a laptop computer. Not all faculty require the use of laptops in the classroom but do have that option if they so choose.

Westminster College is committed to providing excellent computer support and has created a unique platform to enhance classroom flexibility and achieve innovative instruction—Westminster Anywhere, which provides access to all programs available to you on a Westminster campus computer.

Westminster College currently hosts presentation classrooms, various media labs, and seventeen computer classrooms with the potential for every classroom on campus to convert into a
computer classroom. Our residence halls are networked and wireless-capable, and have a printer at the front desk for residential use.

The IS department will help students connect to our wireless network. Each student is responsible to maintain and repair their personal laptop. The IS department also maintains a support website where users can find information, download instructional documentation, and reference guidelines and policies.

The Information Services Help Desk, located on the main level of the Giovale Library, provides help with short-term laptop rental, software and hardware questions, and other information services issues.

If you have technical questions, please contact the Information Services Department online at westminstercollege.edu/support or call at 801.832.2023.

Insurance

Students are encouraged to carry health and accident insurance. Many plans carry students on their parents’ coverage if they are under the age of 27. Westminster’s website has a list of many plans, as there are different options and rates available to students. Cost may vary somewhat due to the student's age. Please contact the Dean of Students Office for more information. All international students and student athletes attending Westminster College are required to carry insurance coverage. Students admitted to the nursing program are required to provide evidence of health insurance coverage.

We recommend that all students participating in activity-based Human Performance and Wellness courses (HPW), OEL, and/or trips through the Fitness, Wellness, and Recreation department/Outdoor Program are encouraged to carry personal health insurance. In case of accident, injury, or illness your personal health insurance will be the primary provider.
Intercollegiate Athletics

The Westminster College Intercollegiate Athletics program is an integral part of campus life serving more than 300 student-athletes annually. The athletic program has experienced both regional and national success over the years, with national championships, national tournament appearances, conference titles, All-Conference and All-American academic and athletic honors. The athletic program has a rich tradition, storied history, and many athletic alumni dating back to 1928.

Westminster College is a member of the Rocky Mountain Athletic Conference (RMAC) within NCAA Division II. The Rocky Mountain Athletic Conference is a premier NCAA Division II conference located in the states of Colorado, Nebraska, New Mexico, South Dakota, and Utah. The RMAC currently competes in 23 NCAA Division II sports and has earned 52 NCAA Division II national championships and 44 national runner-ups since 1992. Founded in 1909, the RMAC is the most historic athletic conference headquartered in the western United States and also in Division II.

The RMAC serves as the primary athletic conference for the following men’s and women’s sports: basketball, cross country, golf, lacrosse, soccer, track, and volleyball. Men's and women's skiing compete as members of the Rocky Mountain Intercollegiate Ski Association (RMISA). Non-NCAA sports include men and women’s cycling, snowboard, men’s soccer, and Spirit Team (cheer and dance). Westminster students receive free admission to all home athletic events with their WC Student ID Card. Visit westminstergriffins.com for more information on Westminster athletics and game schedules.

Library

The Giovale Library’s core mission is to encourage students’ intellectual growth and exploration through our services and collections. The Library provides over 90 databases that allow students to access scholarly articles from a wide variety of disciplines. In addition to our databases, we have a robust collection of books, journals, academic DVDs, and reference sources specially selected to meet our students’ academic needs. Librarians are available to meet with students in person, via email, chat, or phone and can help with all aspects of college research, such as developing a topic, finding quality sources, and managing citations and bibliographies. In addition to academic resources, the Giovale Library has an expansive collection of popular DVDs and fiction. Resources outside of the Library’s collections can also be accessed via Interlibrary Loan.

The Giovale Library is open 93 hours a week and offers additional hours during finals. The library provides a variety of study spaces such as group study rooms, computer workstations, quiet areas, standing desks, and collaborative areas. Students can borrow materials using their Westminster College ID. The Giovale Library does not charge fines for overdue materials. Detailed information about policies, hours, services, online searching, tutorials, electronic forms and more can be accessed at: westminstercollege.edu/library.
Emily Swanson serves as Library Director.

Manford A. Shaw Center

The Shaw Center—named in honor of the college’s 10th president—is the focal point of on-campus student activities at Westminster. The college dining facility and Follett’s William J. Clark, Jr. Bookstore are located in the Shaw Center, as well as student computer labs, the ASW offices, lost and found, the Dean of Students Office, the Counseling Center, the Office of Residence Life, the Campus Concierge, the Student Health Services Center, and the Career Center.

Students, faculty, and staff are not permitted to park in the following lots: visitor-only and admissions-reserved parking. Failure to properly display the parking permit, or violations of posted parking regulations will result in a citation. Fines are paid at the cashier’s window during regular business hours.

Orientation

Orientation is held the week before school begins every fall semester and is an opportunity to become familiar with faculty in your major area of study, identify key resource staff members, and meet other new students at Westminster. First-Year Student Orientation spans four days with the first two days on campus with parents and students. The following two days provide first-year students the opportunity to experience Salt Lake City and the local Sugar House area with a number of activities.
All new transfer and non-traditional adult students participate in a separate orientation and are invited on campus in order to meet academic deans, faculty, staff, and peer advisors. Each orientation offers a short workshop on student computer account access and campus involvement. There is also plenty of time to do everything you need to get done before school starts. Please call the Dean of Students Office at 801.832.2230 or check the FYSO website for dates and more information.

Physical Plant Department

The Physical Plant Department maintains the college buildings and grounds with concern for safety and security. It inspects campus facilities regularly and promptly makes repairs affecting safety and security hazards, such as broken windows, locks, campus lighting, and shrubbery. The Westminster campus patrol assists physical plant personnel by reporting potential safety and security hazards. Students as well as faculty and staff may call physical plant at 801.832.2516 to report any safety or security hazards.

Registrar’s Office

The Registrar’s Office is located in Bamberger Hall just across from the Financial Aid Office. Students may visit this office for enrollment verifications, transcripts, grade report copies, address changes, registration changes, to obtain degree audits, and to answer just about any question you may have. They oversee registration and notify students via email when it is their turn to register for classes each semester. This office processes all transfer credit, AP scores, and CLEP credits. When it comes time to graduate, your application for graduation is turned into this office and you are personally tracked until completion by the staff.

Office of Residence Life

Westminster views living on campus as an integral part of the educational experience. Residential experiences provide opportunities for students to develop socially and emotionally as well as academically. Residents also share in the development of a community and its governance. The college requires all freshmen and sophomores to live in campus housing for the entire academic year, unless they are residing with their parents, close family relatives, legal guardians, or they qualify for veterans’ benefits. The college may waive this requirement in the event campus housing is unavailable. Residents may expect a living environment that promotes courtesy, honesty, privacy, study time, and consideration of one’s values and needs. In return, the residents are expected to be willing to create the same conditions for other members of the living unit. A complete description of residential policies and procedures can be found in the Campus Housing Handbook. For more information about residence life, contact Residence Life at 801.832.2245.

Resident Advisors

Resident Advisors (RAs) are trained student staff members who live on each floor of the residence halls. It is their job to help students enjoy their Westminster experience and to make
sure students get involved socially and academically. The RAs are available for students no matter what time of day or night. It is also their responsibility to see that the rules and policies are enforced. They report to the Residence Life staff.

Student Diversity and Inclusion Center

The Student Diversity and Inclusion Center (SDI) serves the Westminster community through co-curricular programs and initiatives that promote diversity and inclusion.

Through programs and initiatives, the center promotes student engagement and cultural intelligence through the fellowship, academics, and social engagement (FAS) model of student engagement. We actively work to support students that are first-generation, traditionally underrepresented, queer, trans, and gender non-binary as well as all students seeking to engage in workshops and discussions on power, privilege, oppression, justice, and solidarity work. Three of our cornerstone programs include the Legacy Scholars Program, Queer Compass, and the Heritage Series.

This center is housed in the Bassis Center, along with The Environmental Center and the Dumke Center for Civic Engagement—together known as the Center of Centers. The Center of Centers is a place where students from all backgrounds can exist and build a home away from home. Students and the campus community can use the space for study sessions, visit with other peers, and engage with other students. The Student Diversity and Inclusion Center promotes fellowship between student groups by hosting events focused on building community.

Student Health Services
Student Health Services (SHS) provides a convenient and affordable means to access health care for acute illness and some ongoing medical issues for currently enrolled students. All services are confidential. The clinic is staffed by two nurse practitioners who can evaluate, diagnose and treat most common health problems. Referrals are initiated when care needs exceed what SHS can provide. SHS is located in the lower level of the Shaw Center. Appointments are recommended, but walk-ins are welcomed. Please call 801.832.2239 for appointment scheduling and questions. SHS hours are limited and the clinic days follow the academic calendar, closing during the summer months. SHS does not accept insurance and an office co-pay of $15 is expected at the time of service. Any labs, vaccines, or other procedures will incur additional costs. SHS participates in various health and wellness events for students during the academic year.

When the clinic is not open or a medical emergency arises, the student should seek timely medical evaluation at an urgent care facility or hospital emergency department.

**Study Abroad**

The Office for Global Engagement—located in Walker Hall, next to Hogle Hall—provides advising and support for students interested in study abroad programs including: program selection, credit transfer, financial resources, health and safety, pre-departure preparation, and re-entry programs. Westminster offers a wide-variety of study abroad programs during fall, spring, and summer semesters all around the world. Additionally, faculty lead May Term and Summer Study Experiences are offered every year to a variety of countries. These type of experiences provide a unique experiential learning opportunity and allow students to explore themes and topics from an international perspective. Students are encouraged to select a program based on their academic interests and future career goals. Students who participate in a study abroad program will work closely with their faculty advisor(s) and the Registrar’s Office to ensure the courses taken transfer back to Westminster. Study abroad programs vary in cost and can often be similar in price to a semester at Westminster and sometimes less expensive.

5. POLICIES AND PROCEDURES

A. Drug and Alcohol Abuse Prevention Program (DAAPP)

MEMORANDUM

To: Faculty, Staff, Adjunct Faculty, Students
From: Mark Ferne
Date: August 29, 2018
Subject: Drug and Alcohol Abuse Prevention Program (DAAPP)

The Drug-Free Schools and Campuses regulations (34 CFR Part 86) of the Drug-Free Schools and Communities Act (DFSCA) require institutions of higher education, such as Westminster College, to certify that it has implemented programs to prevent the abuse of alcohol and use, and/or distribution of illegal drugs by both Westminster students and employees either on Westminster premises or as part of Westminster activities. At a minimum, this program must describe: 1) standards of conduct that clearly prohibit the unlawful possession, use or distribution of illicit drugs and alcohol by students and employees; 2) legal sanctions under federal, state, and local law for the unlawful use, possession, or distribution of illicit drugs and alcohol; 3) a description of the health risks associated with the use of illicit drugs and the abuse of alcohol; 4) a description of any drug and alcohol counseling, treatment, or rehabilitation or reentry programs that are available to employees or students; 5) a clear statement that the school will impose disciplinary sanctions on students and employees and a description of those sanctions, up to and including expulsion or termination of employment and referral for prosecution for violations of the standards of conduct or law; 6) notification of the Drug and Alcohol Abuse Prevention Program (DAAPP), and, 7) oversight responsibility.

As a requirement of these regulations, Westminster College is to disseminate and ensure receipt of this policy and information to all students, faculty, and staff. Therefore, the DAAPP is shared with the campus community (through the Westminster College email address on file) on the day after the add/drop deadline of the fall, spring, and summer semesters. This is also shared within the first 30 days upon the creation of a Westminster College employee email account, thus guaranteeing a new employee will receive this important information in a timely manner, regardless of when the individual joins the Westminster community. Furthermore, a printed version of this program is available upon request at the Dean of Students Office, located in the Shaw Center. One may also contact this office at 801.832.2230 with questions concerning this policy and/or alcohol and other drug programs, interventions, and policies.

1. Standards of Conduct

Westminster College is committed to providing a safe and healthy workplace and a safe learning environment with a workforce free of alcohol or drugs that may impair judgment and job performance, and result in injury to self, other employees, students, or visitors.
A. Employees of the college are required to report to work in appropriate mental and physical condition. While on college property, and while conducting college-related activities off college premises or as part of college activities, the college prohibits the unlawful possession, use, or distribution of illicit drugs and alcohol. The legal use of prescribed drugs is permitted on the job only if it does not impair an employee’s ability to perform the essential functions of the job effectively and in a manner that does not endanger other individuals in the workplace. In accordance with the Drug-Free Workplace Act of 1988, all employees must notify their immediate supervisor and the executive director of HR of their conviction for a criminal drug statute violation occurring in the workplace, no later than five (5) days after such conviction.

B. While on college property, and while conducting college-related activities off college premises or as part of college activities, students attending the college are prohibited from the unlawful possession, use, or distribution of illicit drugs or alcohol.

C. Students attending Westminster College are held responsible under our student code of conduct. In addition to local, state, and federal laws, our student code of conduct prohibits the use; possession; distribution; manufacture of alcoholic beverages, except as expressly permitted by the law and college regulations; or public intoxication. Possession of an open container or consumption of alcoholic beverages in any area (other than individual rooms of students of legal age) is prohibited. Additional residence life policies regarding alcohol are found in the Campus Housing Handbook. Visit westminstercollege.edu/handbook for the full version of the student code of conduct.

2. Legal Sanctions: Federal, State, Local Law

Westminster College Public Safety Department works with federal, state, and local law enforcement agencies when laws and ordinances are violated. Westminster College Campus Patrol enforces all school policies and works to ensure compliance with federal, state, and local laws and ordinances. Federal and Utah state laws prohibit the use of illicit drugs and actions related to the abuse of alcohol. While one should depend upon state and federal websites for updated information, below are the federal and state laws relating to drugs and alcohol.

a) Federal Drug Offenses

The criminal offenses most commonly charged under the Federal Controlled Substances Act are the knowing, intentional, and unauthorized manufacture, distribution, or dispensing of any controlled substance; or the possession of any controlled substance with the intent to manufacture, distribute, or dispense. Federal law also prohibits the knowing, intentional, and unauthorized creation, distribution, dispensing, or possession with intent to distribute or dispense a “counterfeit substance.”
Federal law also forbids simple possession without necessarily an intent to distribute, and carries a penalty of imprisonment. Furthermore, attempts and/or conspiracies to distribute or possess with intent to distribute controlled substances are crimes under federal law.

Specific drug crimes carry greater penalties, including:

- Distribution of narcotics to persons under 21
- Distribution or manufacturing of narcotics near schools and colleges
- Employment of juveniles under the age of 18 in drug trafficking operations
- Distribution of controlled substances to pregnant women

The penalties for violating federal narcotic statutes vary considerably. The penalties may be harsher based on two principal factors:

- Type of drug involved (heroin, cocaine, marijuana, LSD, etc.)
- Quantity of the drug involved

With the exception of simple possession charges, which result in up to one year imprisonment, maximum penalties for narcotic violations range from 20 years to life in prison. Certain violations carry mandatory minimum prison sentences of either five years or 10 years. Courts may impose harsher penalties if a firearm is used in the commission of a drug offense. If a drug offense results in death or serious bodily injury to an individual who uses the drug involved, the penalties are also harsher.

Anabolic steroids are controlled substances. Distribution or possession with intent to distribute carries a sentence of up to five years and a $250,000 fine.

Questions sometimes arise as to what amount of narcotics found in the possession of a person is considered to be for personal use, as opposed to the more serious offense of possession with intent to distribute. Federal law, as a rule, considers anything more than a dosage unit as indicating an intent to distribute. In other words, the greater quantity possessed by the individual, the more likely it is that an individual possessed such quantity with an intent to distribute.

Additional information on federal laws/penalties include:

**Denial of Federal Aid (20 USC 1091)**

Under the Higher Education Act of 1998, students convicted under federal or state law for the sale or possession of drugs will have their federal financial aid eligibility suspended. This includes all federal grants, loans, federal work study programs, and more. Students convicted of drug possession will be ineligible for one year from the date of the conviction.
of the first offense, two years for the second offense, and indefinitely for the third offense. Students convicted of selling drugs will be ineligible for two years from the date of the first conviction and indefinitely for the second offense. Those who lose eligibility can regain eligibility by successfully completing an approved drug rehabilitation program.

**Forfeiture of Personal Property and Real Estate (21 USC 853)**

Any person convicted of a federal drug offense punishable by more than one year in prison shall forfeit to the United States any personal or real property related to the violation, including houses, cars, and other personal belongings. A warrant of seizure is issued and property is seized at the time an individual is arrested on charges that may result in forfeiture.

**Federal Drug Trafficking Penalties (21 USC 841)**

Penalties for federal drug trafficking convictions vary according to the quantity of the controlled substance involved in the transaction. The following list is a sample of the range and severity of federal penalties imposed for first convictions. Penalties for subsequent convictions are twice as severe.

If death or serious bodily injury result from the use of a controlled substance which has been illegally distributed, the person convicted on federal charges of distributing the substance faces mandatory life sentence and fines ranging up to $8 million.

Persons convicted on federal charges of drug trafficking within 1,000 feet of a University (21 USC 845a) face penalties of prison terms and fines which are twice as high as the regular penalties for the offense, with a mandatory prison sentence of at least one year.

**Federal Drug Possession Penalties (21 USC 844)**

Persons convicted on federal charges of possessing any controlled substance face penalties of up to one year in prison and a mandatory fine of no less than $1,000 up to a maximum of $100,000. Second convictions are punishable by not less than 15 days but not more than two years in prison and a minimum fine of $2,500. Subsequent convictions are punishable by not less than 90 days but not more than three years in prison and a minimum fine of $5,000. Possession of drug paraphernalia is punishable by a minimum fine of $750.
Special sentencing provisions for possession of crack cocaine impose a mandatory prison term of not less than five years but not more than 20 years and a fine up to $250,000, or both if:

- It is a first conviction and the amount of crack possessed exceeds five grams
- It is a second conviction and the amount of crack possessed exceeds three grams
- It is a third or subsequent crack conviction and the amount exceeds one gram

Civil penalties of up to $10,000 may also be imposed for possession of small amounts of controlled substances, whether or not criminal prosecution is pursued.

b) Utah Drug Offenses

In Utah, it is unlawful to possess, produce, manufacture, distribute, and/or dispense a controlled substance such as cocaine, marijuana, LSD, heroin, steroids, and prescribed medications. Violation of this law may result in charges running from a Class A misdemeanor to a second-degree felony, depending on the type of controlled substance and the circumstances of the crime. Utah Code Ann. §58-37-4.

It is unlawful in Utah to possess or use a controlled substance except pursuant to a valid prescription. Violation of this law may result in charges running from Class B misdemeanor to a second-degree felony, depending upon the quantity of drugs within the individual’s possession. Utah Code Ann. § 58-37-8(2).

It is a Class B misdemeanor in Utah to use or possess drug paraphernalia. Utah Code Ann. § 58-37a-5.

Penalties for drug violations in Utah may include incarceration for varying periods of time, and fines ranging from $750 to $10,000 depending upon the nature and circumstance of the offense. Utah law provides for enhanced penalties and charges if the drug violations occur on a college campus.

c) Utah Alcohol Laws
Driving Under the Influence (DUI): It is illegal to drive or be in physical control of a vehicle, even when parked, while under the influence of alcohol or other drugs. Utah’s Implied Consent Law requires submission to a blood alcohol content (BAC) test. Refusal will result in revocation of your license for one year. You are in violation if your BAC is .05 or greater, or the officer judges you to be impaired. It is a Class B misdemeanor for the first and second conviction of driving under the influence of alcohol or drugs, with sentencing of not less than 48 hours in jail and

Penalties: A first offense will result in loss of license for 90 days. A second offense within three years of a prior denial or suspension will result in suspension for one year.

**Open Container:** It is illegal to drink any alcoholic beverage while operating or as a passenger in a vehicle (parked or moving), or have an open container in a vehicle. Once a container is open, one can be arrested for possession. Violating an open container law is a Class B misdemeanor with a maximum penalty of six months imprisonment and/or $1,000 fine.

**Intoxication:** It is illegal to drink in a public building, park, or stadium, or to be so intoxicated that you disturb others, or injure yourself or others. Maximum penalty is 90 days imprisonment and/or $750 fine; Class C misdemeanor. It is also illegal to sell or supply to intoxicated persons or to purchase alcohol if intoxicated. Maximum penalty is six months imprisonment and/or $1,000 fine; Class B misdemeanor.

**Unlawful Transfer or Use of Identification Card:** It is illegal to give or use another’s identification card to (1) procure alcoholic beverages, (2) gain admittance where alcohol is sold or consumed, and (3) obtain employment that requires employees to handle alcoholic products. Maximum penalty: six months imprisonment and/or $1,000 fine; Class B misdemeanor.

**Dram Shop Liability:** Liability may result to any person who provides alcoholic beverages illegally to underage persons or who provides alcohol to someone who is apparently intoxicated or, given the circumstances, may be under the influence of alcohol or other drugs. If the intoxicated person causes injury to persons or property while intoxicated, the person who furnished the alcohol is liable for injuries, property, or support to any third person or their spouse, child, or parent.

d) **Local Laws**
Salt Lake City and Salt Lake County adhere to the standards set forth by Utah state law and these are the minimum rules for the entire state. The college follows local, state, and federal compliance standards.

4. Drug and Alcohol Education, Counseling, and Other Support Services
a) Education

Westminster implements the Under the Influence Course for our students. All Westminster students are encouraged to complete this course, and those that violate our alcohol policy are required to complete this course. Marijuana 101 is a course that is required for all students who violate our drug policy. Both courses are also available to college employees upon request.

Westminster also encourages students to complete the Prime for Life® course through the State of Utah. Prime for Life® is an evidence-based, risk reduction drug and alcohol education program; it is not substance abuse treatment. Prime for Life® simply presents straightforward, research-based information in a relaxed environment. It is a full-day course and can be required for students that violated the student code of conduct. It is offered in multiple locations in Salt Lake City, including on our own campus. This course is also available to college employees upon request.

b) Counseling

Westminster encourages students to utilize our counseling center. Counselors are dedicated to provide confidential resources to assist students who are directly or indirectly affected by alcohol and other drug abuse. They can provide education, referrals, assessment, and support to all campus community members.

The student counseling center gives support to friends and family who are affected by someone else’s alcohol/drug use; and supports other Westminster offices, faculty, and staff with issues relating to alcohol/drug use. Community resources, including local treatment and recovery programs options are also available. More information about alcohol and other drug abuse prevention and education can obtained from the counselors in the Shaw Center at 801.832.2465.

c) On Campus Support Services

Alcohol Free Activities: All programs on and off campus that are sponsored by ASW Events, ASW, the Residence Hall Association, the Office of Residence Life, and FWRD/Outdoor Recreation are alcohol free.

Alcohol Awareness Tables: Under the direction of the Dean of Students’ Office, alcohol education tables are staffed either by trained student leaders or counselors from the student counseling center, often during the days leading up to a college dance.

National Alcohol Screening Day: Every spring semester, the student counseling center advertises and manages the National Alcohol Screening Day for our students, faculty, and staff.
Orientation Discussion/Programs: Our counselors in the student counseling center present to first-year students during orientation.

Binge Drinking Education: Under the direction of the Dean of Students’ Office, trained student leaders, a paid educational trainer/consultant, or counselors from the student counseling center present this information to first-year students during orientation.

Conduct Process: At every conduct meeting, a professional staff member has an educational discussion regarding alcohol abuse with students who allegedly violated the student code of conduct regarding alcohol.

Letter to Parents: The student counseling center distributes a letter to families of new students in June before arriving to campus, encouraging families to discuss alcohol/drugs with their student in advance of attending Westminster. The letter provides talking points and suggests they contact the student counseling center or the Dean of Students’ Office if they have questions or would like more advice.

Alcoholics Anonymous: Westminster historically has held an open meeting each Thursday. The time and location are announced at the start of each semester via campus wide advertisements.

5. College Discipline for Violations of Drugs and Alcohol Policies for Students and Employees

a) Student Policy and Discipline

Westminster College complies with federal and Utah state laws and penalties regarding the misuse of legal drugs (alcohol and tobacco) and use of illegal drugs. Should a student be found responsible of violating the student code of conduct,
not only would they face sanctions from the College, but they may also be given criminal sanctions for violating federal and/or state law.

The Student Code of Conduct and Disciplinary Policy is included in the Student Handbook. All students are expected to abide by applicable federal, state, and local laws. Individuals in violation of any laws are subject to prosecution by appropriate authorities, regardless of whether the behavior occurs on or off campus. In situations involving the use, possession, or distribution of narcotics or other controlled substances, the matter will be reported to outside authorities. Regardless of whether outside authorities pursue prosecution, the student may be subject to disciplinary action under this code. The student code of conduct reads as follows:

Article III Standards of Conduct, Section B: Any student who violates college policies or procedures, city, state, or federal laws, or who engages in any of the conduct described below is subject to disciplinary action.

1-9. Unrelated to DAAPP

10. Violation of college policies, rules, or regulations.

11. Violation of federal, state, or local law on college premises or at college-sponsored or supervised activities.

12. Use, possession, distribution, or manufacture of narcotics or other controlled substances or other illegal substances except as expressly permitted by law. Smoking or ingesting a substance not intended for consumption. Use, possession, or distribution of salvia and/or spice. Hookahs/bongs/grinders/pipes/etc. are not allowed anywhere on campus, as the college deems it drug paraphernalia.

13. Use, possession, distribution, or manufacture of alcoholic beverages, except as expressly permitted by the law and college regulations, or public intoxication. Possession of an open container or consumption of alcoholic beverages in any area (other than individual rooms of students of legal age) is prohibited. Additional residence life policies regarding alcohol are found in the Campus Housing Handbook.

14-27. Unrelated to DAAPP
b) Violation of Law and College Discipline

i. College disciplinary proceedings may be instituted against a student charged with violation of a law that is also a violation of the student code, for example, if both violations result from the same factual situation, without regard to pendency of civil litigation in court or criminal arrest and prosecution. Proceedings under this student code may be carried out prior to, simultaneously with, or following civil or criminal proceedings off campus.

ii. When a student is charged by federal, state, or local authorities with a violation of law, the college will not request or agree to special consideration for that individual because of their status as a student. However, if the alleged offense is also the subject of a proceeding before a disciplinary board under the student code, the college may advise off-campus authorities of the existence of the student code and how such matters will be handled internally within the college community. The college will cooperate fully with law enforcement and other agencies in the enforcement of criminal law on campus and in the conditions imposed by criminal courts for the rehabilitation of student violators.

iii.

iv. Individual students, staff members, and faculty members, acting in their personal capabilities, remain free to interact with governmental representatives as they deem appropriate.

v.

c) Sanctions

i. When the conduct advisor or a conduct body has determined that any student has violated college policies, the following sanction(s) may be imposed. More than one of the sanctions listed below may be imposed for a single violation:

a. Fines: Fines may be imposed as a result of the conduct. These will cover damage incurred by the college.

b. Probation: A written reprimand for violations of specified regulations. Probation will be for a specified period of time and includes the probability of more severe disciplinary sanctions if the student is found to be violating any institutional regulation(s) during the probationary period. The notice of probation will include any conditions that must be met while on probation, such as limited participation in extracurricular activities. The ability to sign up for housing is also affected when on probation.

c. Loss of Privileges: Violations result in a loss of privileges. The student will be told the designated period of time for which the denial of specified privileges will occur.
d. Restitution: Compensation for loss, damage, or injury. This may take the form of appropriate service and/or monetary or material replacement.

e. Discretionary Sanctions: The conduct body may impose any other requirements or conditions. These include fines, work assignments, or referrals to counseling or evaluation.

f. Residence Hall Suspension: Separation of the student from the residence hall for a definite period of time, after which the student is eligible to return. Conditions for readmission may be specified.

g. Loss of Federal Student Aid: Should this occur, a student may request to regain eligibility no less than six months after the sanction occurs. The request must be in writing to the dean of students.

h. Residence Hall Expulsion: Permanent separation of the student from the residence hall. This may occur if the student does not comply with the student code.

i. College Suspension: Separation of the student from the college for a definite period of time, after which the student is eligible to return. Conditions for readmission may be specified.

j. Deferred Suspension: An opportunity for a student to demonstrate an ability to comply with the student code of conduct. Should a violation occur while serving a deferred suspension, the student is immediately suspended.

k. College Expulsion: Permanent suspension of the student from the college. This may occur if the student does not comply with the student code.

Students who violate the student code of conduct regarding alcohol and drugs face disciplinary sanctions based on the severity of the situation. Typically, sanctions imposed will vary depending on whether the student is facing a first or subsequent violation.

Since a variety of factors must be considered when sanctioning, sanctions may be increased or decreased at the discretion of Westminster’s conduct advisor. Factors affecting the imposition of sanctions include such issues as the severity of the incident, impact upon other individuals or the community, and prior conduct history. While each sanction is issued on a case-by-case basis, the list below represents a non-exhaustive list of examples of actions that could be taken with students who violate the student code of conduct regarding alcohol and drugs. Local, state, and federal laws may also apply to alcohol and drug violations. The college reserves the right to impose sanctions outside of those listed in the representative charge below.

- $50 Per Person (if a host): the college charges $50 per person if a resident is hosting a party and guests do not have IDs.
- Educational Conversation with Conduct Officer: a trained conduct officer spends 20–60 minutes discussing an incident with a student and how they could have behaved in a way that is consistent with the student code of conduct.
- Three Engagement Opportunities: students are required to have three experiences—one academic, one co-curricular, and one related to living on or off campus.
- Possible Suspension or Expulsion (if drug offense other than marijuana): if there is reason to believe a student is dealing, or if a student is in possession of other illegal drugs, a suspension or expulsion may occur.
- Possible Restriction from Campus Housing or Campus Events: should a violation occur at a particular event or be serious enough in nature, the student may be banned from attending a future event (e.g. dances) or have their access to the residence halls be restricted.
- Reflective Essay (800 words): upon completion of all of the possible sanctions above, an 800 word essay is required to discuss the experiences and the violation.

3rd Violation (Mandatory Phone Call to Parent/Guardian)

- Legal Consequences: students may face additional sanctions from the local, state, and/or federal government.
- Possible Suspension or Expulsion: if there is reason to believe a student is dealing, if a student is in possession of other illegal drugs, or because this is a third offense of our policies, a suspension or expulsion may occur.

B. Student Code of Conduct and Disciplinary Policy

Westminster College expects all students, including those that live off-campus, to conduct themselves as responsible members of the academic community and to respect the rights of other students, faculty, and staff. All members of the college community are responsible for maintaining an environment where behavior is guided by respect, reason, and honesty. Students are representatives of the college to the community at large. The college expects students to demonstrate respect for all members of the local community.

This student code of conduct applies to behavior on college property, at all college-sponsored activities held on or off campus, and to students’ off-campus behavior when such behavior violates college policies or federal, state, or local laws and negatively impacts the college, the college community, or the college’s neighborhood; interferes with the relationship of the college to others; or harms the reputation of the college.

All students are expected to abide by applicable federal, state, and local laws. Individuals in violation of any laws are subject to prosecution by appropriate authorities, regardless of whether the behavior occurs on or off campus. In situations involving the illegal use, possession, manufacture, or distribution of alcohol, narcotics, or other controlled substances, the matter will be reported to outside authorities. Regardless of whether outside authorities pursue prosecution, the student may be subject to conduct action under this code.

Article IV: Conduct Procedures

A. Charges

1. Anyone who reasonably believes that a student has violated college policies or may have engaged in misconduct may register a charge by contacting the conduct advisor to meet personally. Any charge should be submitted as soon as possible after the event or circumstances occurred. Upon hearing the complaint, the conduct advisor may request that the charge be put in writing and may conduct an investigation to determine whether the charges have merit.

2. If the conduct advisor reasonably believes the charge has merit, they will proceed as follows:

   a. First conduct offense: The conduct advisor will refer the student to educational intervention which shall require satisfactory completion of (i) an educational essay, (ii) an informational course, and (iii) one or more engagement opportunities. The conduct advisor will provide notification to the student’s parents and appropriate college officials (coaches, ROTC instructors, etc.) unless mitigating circumstances are involved (e.g. age, academic offense, etc.). Any applicable fee resulting from the offense (e.g. the cost of the informational course, a violation of the Utah Clean Air Act, etc.) shall be borne by the student. Educational intervention is not a disciplinary proceeding and no charging statement shall be prepared, hearing commenced, or sanction imposed. The determination of the conduct advisor to require educational intervention is final and not subject to the appeal process. Educational intervention shall not be made part of the student’s permanent academic record. In the event the student fails to timely complete educational intervention, the conduct shall be deemed a second offense subject to applicable provisions below. Students who violate the student code of conduct face disciplinary sanctions based on the severity of the situation. Since a variety of factors must be considered when sanctioning, sanctions may be increased or decreased at the discretion of Westminster’s conduct advisor. Factors affecting the imposition of sanctions included such issues as the severity of the incident, impact upon other individuals or the community, and prior conduct history. While each sanction is issued on a case by case basis, the sanctions section listed below provides a general list. The college reserves the right to impose sanctions outside of those listed in the list below.

   b. Second or subsequent conduct offense: The conduct advisor shall prepare a written statement of the charges, which shall be delivered to all parties, and shall commence disciplinary proceedings. Disciplinary proceedings shall be made part of the student’s permanent academic record.
3. Any student may elect to waive their right to a written statement of the charges and a hearing, and agree to the imposition of disciplinary sanctions provided that they sign a written waiver document so stating. Such waiver shall be made part of the student’s permanent academic record.

B. Hearings

1. Upon receipt of a charging statement, each party may respond in writing to the charge, but is not required to do so.

2. The conduct advisor shall set a place and time for a hearing after any defending student has been notified.

3. Hearings shall be conducted by a conduct body according to the following guidelines:
   a. The admission of any person to the hearing shall be at the discretion of the conduct body and/or its conduct advisor.
   b. In hearings involving more than one accused student, the chairperson of the conduct body, at their discretion, may permit the hearings concerning each student to be conducted separately.
   c. The complainant and the accused have the right to be assisted by any advisor they choose—at their own expense. The complainant and/or the accused is responsible for presenting their own case, and, therefore, advisors are not permitted to speak or to participate directly in any hearing before a conduct body.
   d. The complainant, the accused, and the conduct body shall have the privilege of presenting witnesses. All cross-examination shall be conducted by the conduct body.
   e. The pertinent records, exhibits, and written statements may be accepted as evidence for consideration by a conduct body at the discretion of the chairperson.
   f. All procedural questions are subject to the final decision of the chairperson of the conduct body.
   g. The conduct body shall determine (by majority vote if the conduct body consists of more than one person) whether the student has violated each section of the student code that the student is charged with violating.
   h. The conduct body’s decision shall be based on the preponderance of the evidence.

4. There shall be a single verbatim record, such as a tape recording, of all hearings before a conduct body. The records shall be the property of the college.

5. Except in cases of a student charged with failing to obey the summons of a conduct body or college official, no student may be found to have violated the
student code solely because the student failed to appear before a conduct body. In all cases, the evidence in support of the charges shall be presented and considered before making a decision.

C. Sanctions

1. When the conduct advisor or a conduct body has determined that any student has violated college policies, the following sanction(s) may be imposed. More than one of the sanctions listed below may be imposed for a single violation:

   a. Fines: may be imposed to cover damage incurred by the college as a result of the conduct.
   b. Probation: A written reprimand for violations of specified regulations. Probation will be for a specified period of time and includes the probability of more severe disciplinary sanctions if the student is found to be violating any institutional regulation(s) during the probationary period. The notice of probation will include any conditions that must be met while on probation, such as limited participation in extracurricular activities. The ability to sign up for housing is also affected when on probation.
   c. Loss of Privileges: denial of specified privileges for a designated period of time.
   d. Restitution: Compensation for loss, damage, or injury. This may take the form of appropriate service and/or monetary or material replacement.
   e. Discretionary Sanctions: the conduct body may impose any other requirements or conditions, such as fines, work assignments, referrals to counseling or evaluation, notification to the student’s parents and appropriate college officials (coaches, ROTC instructors, etc.), or holds on the student’s account.
   f. Residence Hall Suspension: Separation of the student from the residence hall for a definite period of time, after which the student is eligible to return. Conditions for readmission may be specified.
   g. Loss of Federal Student Aid: Should this occur, a student may request to regain eligibility no less than six months after the sanction occurs. The request must be in writing to the dean of students.
   h. Residence Hall Expulsion: permanent separation of the student from the residence hall.
   i. College Suspension: Separation of the student from the college for a definite period of time, after which the student is eligible to return. Conditions for readmission may be specified.
   j. Deferred Suspension: An opportunity for a student to demonstrate an ability to comply with the student code of conduct. Should a violation occur while serving a deferred suspension, the student is immediately suspended.
   k. College Expulsion: permanent suspension of the student from the college.
2. The following sanctions may be imposed upon groups or organizations:

   a. Sanctions listed above in Section C2 (a–k)
   b. Privileges, including college recognition, are lost for a specified period of time

3. In each case in which a conduct body determines that a student has violated the student code, the sanction(s) shall be determined and imposed by the conduct advisor. In cases in which persons other than, or in addition to, the conduct advisor have been authorized to serve as the conduct body, the recommendation of all members of the conduct body shall be considered by the conduct advisor in determining and imposing sanction(s). The conduct advisor is not limited to sanction(s) recommended by members of the conduct body. Following the hearing, the conduct body and the conduct advisor shall advise the accused in writing of this determination and of the sanction(s) imposed, if any.

4. A student who is found responsible for violating the student code of conduct, but withdraws or graduates from Westminster before imposition or completion of a sanction may be subject to (1) temporary withdrawal or permanent revocation of any degree awarded, (2) having the sanction imposed as a condition of re-enrollment at Westminster, or (3) both.

D. Interim Suspension

1. In certain circumstances, the associate vice president of student affairs, the dean of students, or a designee may confiscate property, impose a college or residence hall suspension, or take any other reasonable action prior to the hearing before a conduct body.

2. Interim suspensions may be imposed only (1) to ensure the safety and well-being of members of the college community or preservation of college property; (2) to ensure the student’s own physical or emotional safety and well-being; or (3) if the student poses a definite threat or disruption of, or interference with, the normal operations of the college.

3. During the interim suspension, the student shall be denied access to the residence hall and/or to the campus (including classes) and/or all other college activities or privileges for which the student might otherwise be eligible, as the associate vice president of student affairs, the dean of students, or a designee may determine to be appropriate.

E. Appeals

1. A decision reached or a sanction imposed by the conduct body or the conduct advisor may be appealed by accused students or complainants to an appellate
board within five (5) school days of the decision. Such appeals shall be in writing and shall be delivered to the conduct advisor or their designee.

2. Except as required to explain the basis of new evidence, an appeal shall be for one or more of the following purposes:
   a. To determine whether the original hearing was conducted fairly in light of the charges and evidence presented, and in conformity with prescribed procedures giving the complaining party a reasonable opportunity to prepare and present evidence that the student code was violated; and giving the accused student a reasonable opportunity to prepare and to present a rebuttal of those allegations
   b. To determine whether the decision reached regarding the accused student was based on substantial evidence—whether the facts in the case were sufficient to show that a violation of the student code had more likely than not occurred
   c. To determine whether the sanction(s) imposed were appropriate for the violation of the student code that the student was found to have committed
   d. To consider new evidence—sufficient to alter a decision—or other relevant facts not brought out in the original hearing, due to such evidence and/or facts not being known to the person appealing at the time of the original hearing

If an appeal is upheld by the appellate board, the matter shall be remanded to the original conduct body and conduct advisor for reopening of the hearing to allow reconsideration of the original determination and/or sanction(s).

3. In cases involving appeals by students accused of violating the student code, review of the sanction by the appellate board may result in more severe sanction(s) for the accused student. Following an appeal, the conduct advisor may—upon review of the case—reduce, increase, or keep the sanctions originally imposed.

4. In cases involving appeals by persons other than students accused of violating the student code, the appellate board may—upon review of the case—reduce or increase the sanctions imposed by the conduct body or the conduct advisor or remand the case to the original conduct body and conduct advisor.

**Article V: Interpretation and Revision**

A. Any question of interpretation regarding the student code shall be referred to the dean of students or their designee for final determination.

B. The Student Code of Conduct shall be reviewed every three (3) years under the direction of the dean of students acting in their capacity as conduct advisor.
Family Educational Rights and Privacy Act (FERPA)

FERPA: A federal law regarding the privacy of student records which identifies the obligations of educational institutions—primarily in the areas of release of and access to these records. Any educational institution that receives funds under any program administered by the US secretary of education is bound by FERPA requirements. Institutions that fail to comply with FERPA may have funds administered by the secretary of education withheld. FERPA is intended to ensure students have the rights to inspect and review their education records, to amend their education records as appropriate, and to control access to their educational records which are maintained by an educational institution.

In compliance with FERPA, Westminster College has adopted the following Education Records Privacy policy to protect the privacy of education records maintained by the institution. The policy will be published annually in the student handbook and may be amended from time to time to conform to any changes in the governing law. Students will be informed of this policy and any amendments through their Westminster College email account. In addition, the policy will reside on the Westminster College website at westminstercollege.edu.

Definitions:

Student

Student applies to all individuals attending the institution and includes those enrolled in continuing education, individuals auditing courses, and people participating in distance learning educational experiences.

In Attendance

Westminster College defines in attendance as "students who are enrolled to take classes as of the first day of classes for a given term." Prospective students or applicants are not considered "in attendance" at the time they apply or even if they pre-register for classes.

School Official

A school official is any person employed by the college in an administrative, supervisory, academic, research or support staff position, a person elected to the board of trustees, a student serving on an official college committee, or a person employed by or under contract to the college to perform a specific task.

Legitimate Educational Interest

A school official is considered to have a "legitimate educational interest" whenever he or
she is performing a task that is specified in his or her position, description, or by a contract agreement; performing a task related to a student's education; performing a task related to the discipline of a student; providing a service or benefit relating to the student or student's family (such as health care, counseling, job placement, food services, or financial aid); or disclosing of information in response to a judicial order or legally issued subpoena. (NOTE: At Westminster College, all subpoenas are first reviewed by the Office of General Counsel.)

Education Record

Education records are defined as records, files, documents, and other materials in handwriting, print, tape, film, electronic, or other media that contain information that are directly related to a student and are maintained by Westminster College or by a party acting for the college.

Directory Information

A subset of educational records defined by FERPA as "...information contained in an education record of a student which would not generally be considered harmful or an invasion of privacy if disclosed."

Education records do not include:

- Sole possession records: i.e., records/notes in sole possession of the maker, used only as a personal memory aid and not revealed or accessible to any other person except a temporary substitute for the maker of the record. (Personal possession records might include notes an instructor makes while providing career/professional guidance to a student)
- Medical treatment records: includes but are not limited to records maintained by physicians, psychiatrists, psychologists and social workers
- Employment record: records other than student worker records i.e. a record of an individual whose employment is not contingent on the fact that he or she is a student, provided the record is used only in relation to the student's employment
- Law enforcement records: created and maintained by Westminster's Campus Security Office for safety and policy enforcement considerations. Such records are not given to other officials of Westminster College but may be given to other public safety agencies for law enforcement purposes
- Alumni records: post-attendance records, i.e., information about a person that was obtained when the person was no longer a student and do not relate to the person as a student. This would include annual giving reports and private donations
- Parent’s financial records: Students do not have the right to inspect financial information submitted by or about their parents unless this information is part of a student aid application form, which the student has signed
- Records containing information about more than one student (however, the institution must permit access to that part of the records which pertains only to the

Procedure to Inspect and Review Education Records

Students may inspect and review their education records upon request to the appropriate records custodian (see above). Students should submit their request in writing. The request should identify, as precisely as possible, the records they wish to inspect. The custodian will make the needed arrangements for access as promptly as possible and will notify the student of the time and place where the records may be inspected. If the college is unable to locate the requested records, it must notify the student within 45 days and explain what efforts have been made to locate the records in question and what, if any, additional action will be taken in an effort to locate them. Access to records in the college’s possession must be granted within 45 days after the receipt of the written request except as noted below.

Right of the College to Refuse Access

Under FERPA policy, Westminster College reserves the right to refuse to permit a student to inspect the following records:

- The financial statement(s) of the student's parents
- Letters and statements of recommendation for which the student has waived their right of access
- Records connected with an application to attend Westminster College if that application was denied
- Education records containing information about more than one student, in which case Westminster will permit access only to that part of the record which pertains to the inquiring student
- Those records which are excluded from the FERPA definition of education records

Right of the College to Refuse to Provide Copies

Westminster College reserves the right to deny copies of multiple educational records including transcripts if the following conditions apply:

- The student has unpaid financial obligations to the college
- There is an unresolved disciplinary or academic dishonesty action against the student
- The student lives within commuting distance of Westminster and the request is for
documents other than the official transcript (student can physically come and inspect records)

- The education record requested is an exam or set of standardized test questions

The Right to Amend Education Records

If students believe that any information contained in their education records is inaccurate, misleading or in violation of their privacy rights, they may request in writing that the office which contains those records amend them.

Procedures for Amending Records

- A student must submit a request in writing to the appropriate Westminster College official or records custodian, specifying the part of the record to be amended and indicating clearly why he or she believes it is inaccurate, misleading, or in violation of his or her privacy rights.
- Westminster College has the right to comply or not comply with the request. The college official will inform the student in writing of the decision, normally within five work days. The decision will include a summary of the information presented and reasons for the decision.
- If the decision is not to amend the record, the student has the right of appeal by hearing. Students must make the request for a formal hearing in writing to the college provost within five school days of the denial. The provost will then appoint a hearing officer and inform the student of the date, place, and time of his or her hearing, normally within ten school days. At the hearing, the student may present evidence relevant to the issues raised and may be assisted or represented by one or more persons of his or her choice.
- Decisions of the hearing officer are considered final by the college and will be rendered in writing to all relevant parties. If the decision is to amend the records based on the evidence presented by the student, then the records will be amended by the appropriate college official and students will be so informed. If the decision is not to amend the record, students have the right to place in the education record a statement commenting on the challenged information and/or stating the reasons for disagreeing with the decision. This statement will be maintained as part of the education record as long as the contested portion is maintained, and whenever a copy of the education record is sent to any party, the student’s statement will be included.

The Right to Control Access to Educational Records

Westminster College requires each record-keeping office to establish and maintain procedures and practices that will uphold the principles of confidentiality described in this policy.

Disclosure of Education Records or Release of Records Without Consent
Westminster College will disclose information from a student's education records only with the written consent of the student, except in the following cases:

- To the Student
- To anyone if the college has obtained the prior written consent of the student
- To school officials who have a legitimate educational interest in the records (see previous definitions)
- To officials from other colleges or universities in which a student seeks or intends to enroll
- To certain officials of the U.S. Department of Education, the Comptroller General, state and local educational authorities, and Department of Veterans Affairs in connection with certain state or federally supported education or assistance programs
- To agencies or individuals requesting information in connection with a student's application for, or receipt of, financial aid, as necessary to determine the eligibility, amount, or conditions of the financial aid, or to enforce the terms and conditions of the aid
- To agents acting on behalf of the institution (e.g., clearinghouses, degree/enrollment verifiers)
- To organizations conducting certain studies for or on behalf of the college
- To accrediting organizations to carry out their functions
- To parents who claim the student as a dependent for income tax purposes
- To parents/legal guardians when their children (under age 21) are found to have violated the alcohol or drug policy of the institution (Warner Amendment)
- To comply with a judicial order or a lawfully issued subpoena
  - At Westminster College, all subpoenas are first reviewed by the Office of General Counsel.
- To an alleged victim of any crime of violence or the results of a disciplinary action regarding the alleged perpetrator of that crime with respect to that crime
- To anyone requesting the final results of a disciplinary action against an alleged perpetrator of a crime of violence or non-forcible sex offense (Foley Amendment)
- To the Immigration and Naturalization Service (INS) for purposes of the Coordinated Interagency Partnership Regulating International Students
- To military recruiters who request "Student Recruiting Information" for recruiting purposes only (Solomon Amendment)
- To the Internal Revenue Service (IRS) for purposes of complying with the Taxpayer Relief Act of 1997
- To appropriate parties to protect the health and safety of students and other persons or to assist in resolving an emergency
- To anyone in response to requests for directory information (see below)

Directory Information

Westminster College is authorized under provisions of FERPA to define certain information called "directory information" and release such information without the
student's written consent. Westminster takes great care when providing any information about students and takes a very conservative approach. For example, we do not sell student directories on campus or provide student directories to third parties such as credit card companies or other solicitors. We do not give information over the phone if there does not appear to be a legitimate educational interest on the part of the individual calling. As a matter of practice, we do not release information to parents unless the student is listed as a dependent under IRS tax code.

Westminster currently defines "directory information" to mean the following:

- Student name, address, email, and telephone numbers(s)
- Student ID
- Hometown of students and parents
- Class standing (senior, junior, etc.)
- Enrollment status
- Major field of study
- Degrees and/or certificates earned including conferral dates
- Dates of attendance
- Names of previous institutions attended
- Awards and honors
- Participation in officially recognized co-curricular activities
- Height and weight of members of athletic teams as required by the sport
- Photograph*
- Expected date of graduation
- Age

Use of Student Photographs

Photographers employed or contracted by the college regularly take photographs of students to illustrate or describe various aspects of the college and campus life. These photographs will be taken at public venues such as athletic events and concerts and/or in other organized campus photo shoots where the subjects will have given verbal consent to be photographed. Individuals who are photographed while attending a public event or who verbally agree to participate in a photo shoot will be understood to have authorized Westminster to use their likeness in print and electronic materials to promote the college. The college will retain the usage rights to the photographs in perpetuity.

Use of Directory Information

As stated previously, Westminster College practices caution with the release of any information related to students and their educational records. For example, despite trends to the contrary at other institutions, we still require a student's signature to release transcripts to anyone. There are cases, however, where release of information without consent is common practice. Here are some examples:
• The Psychology department wants to send a mailing to all social science and psychology majors to advertise an event coming up on campus
• The Office of Communications wants to send information about those who have made the Dean's List to hometown newspapers
• An outside agency wants to offer a fantastic scholarship opportunity to nursing students
• Graduating seniors would like their name in the commencement program

Examples of Requests for Information that Would Not Be Granted:

• A credit card company wants a directory of all our students so they can push their credit cards
• A local business wants student email addresses so they can solicit business via email
• A man appears in the Registrar's Office claiming to be a student's landlord, or uncle, or a friend and wants to know what class the student is attending right now so he can find the student
• Someone calls the Registrar's Office and wants us to give identifying information such as birth date and Social Security information for a student to them over the phone

Restricting the Release of Directory Information

According to FERPA, a currently enrolled student can request that the institution not release any directory information about him/her and the institution must comply with the request. To restrict the release of information, written notification must be returned to the Office of the Registrar at:

Westminster College/Registrar's Office
1840 South 1300 East
Salt Lake City, UT 84105

Directory Information will then be withheld indefinitely until the office of the registrar receives in writing a revocation of the request for nondisclosure.

Students who wish to restrict directory information should realize that their names will not appear in the commencement program, on the published (campus only) Dean's list, and other university publications. Also, employers, loan agencies, scholarship committees, and the like will be denied any of the student's directory information. Usually, it is to the student's advantage to have information related to their education available to these important constituents.

Filing a Complaint Related to FERPA

Students have the right to file a complaint with the Compliance Office, U.S. Department
Questions related to our Educational Records Policy should be directed to the Office of the Registrar at 801.832.2180.

C. Other Laws and Policies Affecting Students Rights

1. Americans with Disabilities Act and Section 504 of the Rehabilitation Act of 1973

These laws guarantee students with disabilities access to educational opportunities. This means the college must provide reasonable accommodations for qualified disabled students. The campus ADA coordinator can be reached at 801.832.2584 or at dperry@westminstercollege.edu.

2. Clery Act

The Clery Act requires all colleges and universities that participate in federal financial aid programs to keep and disclose information about crime on and near their respective campus. Detailed information about crime on and near Westminster College’s campus can be found at the end of this document. It also may be found on the college’s website at westminstercollege.edu/about/consumer-information/clery-act.

3. Fair Labor Standards Act

Also called the Wages and Hours Bill, the Fair Labor Standards Act applies to employees engaged in interstate commerce or employed by an enterprise engaged in commerce or in the production of goods for commerce, unless the employer can claim an exemption from coverage. The FLSA established a national minimum wage, guaranteed time, and a half for overtime in certain jobs and prohibited most employment of minors in oppressive child labor—a definition described in the statute.

4. Higher Education Opportunity Act

Formally known as the Higher Education Act of 1965, the Higher Education Opportunity Act was signed into law in 2008. The original law was intended to strengthen the educational resources of colleges and universities and to provide financial assistance for students in postsecondary and higher education. It increased federal money given to universities, created scholarships, gave low-interest loans for students, and established a National Teachers Corps. The financial assistance for students is covered in Title IV of the HSA.

5. Non-Discrimination Policy
Westminster College strives to create and maintain an environment in which people are treated with dignity, decency, and respect; where there is freedom of inquiry and expression, and the absence of intimidation, oppression, and exploitation; and where people are able to work and learn in a safe, yet stimulating atmosphere. Therefore, the college will not tolerate unlawful discrimination or harassment based on a person’s race, color, national origin, ethnicity, age, disability, religion, veteran status, genetic information, sex, gender, gender identity, gender expression, nonconformity with gender stereotypes, or sexual orientation. The college’s intent through its policies and procedures, as well as specific education programming, is to prevent, correct, and discipline such unlawful behavior.

6. Title IX of the Education Amendments of 1972

This law assures students that they cannot be discriminated against on the basis of sex or excluded from participation in any educational program that receives federal financial assistance. Sex includes gender, gender identity, gender expression, nonconformity with sex, gender stereotypes, and sexual orientation.

7. Title VI of the Civil Rights Act of 1964

This law assures students that they cannot be discriminated against on the basis of race, color, or national origin. This law also assures students cannot be excluded from participation in any educational program that receives federal financial assistance. If you have any questions about these or other federal regulations, contact the Title IX Coordinator/Equal Opportunity Officer at 801.832.2562.

8. Academic Honesty

Westminster College operates on the assumption that all academic work is the honest product of each student’s own endeavors. The faculty and staff at Westminster expect such integrity from the students, and violations are cause for disciplinary action, including suspension, probation, loss of credit, or expulsion from the college. Academic dishonesty includes, but is not limited to, cheating, plagiarism, and furnishing false or misleading information to any faculty or staff member. Cheating on examinations includes, but is not restricted to, copying from another student’s exam paper, using unauthorized notes during an examination, arranging for a substitute to take an examination, or giving or receiving unauthorized information prior to the exam. Cheating on written assignments includes plagiarism, collaboration with others, or submitting the same material for more than one class without the permission of the instructors. Plagiarism includes borrowing information or ideas, whether directly quoted or paraphrased, from any source beyond one’s firsthand experience and not acknowledging the source. The student must give credit for the material by identifying the source and using one of the generally accepted citation methods.
Initially, sanctions are the responsibility of the class instructor. The instructor may simply reprimand the student, or demand the work be repeated, or give a failing grade for the assignment or exam in question, or give a failing grade for the entire course. In each case, a short report of the incident will be filed with the appropriate academic dean.

In the case of repeated or more serious violations, the faculty member may recommend to the dean of that school that the student be suspended or expelled from the college. The dean’s recommendation will then be sent to the dean of students.

9. ADA Grievance Process

Students who are working with the disability advisor in the START Center because of documented disability have the responsibility to maintain contact with the center and to let their advisor know how they are doing in the classroom, whether the accommodation being used is providing the student with access, and if the professor is implementing the accommodation consistently and appropriately. Should students experience difficulties related to their disability or accommodation, they are to inform the START Center disability advisor immediately so the advisor can assist in resolving the problem as it is occurring. Such early resolution is in the best interests of the students and the faculty.

If the student believes that the disability advisor has been unsuccessful in resolving issues, or if the student is experiencing difficulty with their START disability advisor, the student’s first step is to contact the ADA/504 coordinator. The coordinator will meet with the parties involved and attempt to resolve the issues. David Perry is the ADA Coordinator and can be reached at 801.832.2584 or dperry@westminstercollege.edu.

If, after working with the coordinator to resolve the issues, the student remains dissatisfied, the student may file a grievance and request a review before a panel of the Disability Resource Committee (DRC). The student must take the following steps:

1. The student shall file a written grievance with the ADA coordinator that sets forth the issues, the procedures taken thus far, and the supporting facts. The student may attach any pertinent supporting documents. The student must also sign a statement giving their consent to the DRC panel to review the student’s file, including confidential materials, and to permit the DRC panel to request additional information from the student, the START Center, or the student’s health care providers, as the DRC deems necessary.

2. Within five academic days from the receipt of the student’s grievance, the coordinator will appoint a panel composed of members of the DRC to hear the grievance. A list of the proposed names shall be provided to the student, who shall have five academic days to request a change in the panel members by filing with the coordinator a written request for the removal or substitution of any of the panel members and setting forth the reasons for the requested change. The
coordinator shall then make the final decision as to who will serve on the panel and will provide the names of the panel members to the student.

3. Within 10 academic days of the receipt of the grievance, the coordinator shall prepare and file with the DRC panel a summary of the issues, the actions taken thus far, and any supporting facts. The student will also receive a copy.

4. The student will have five academic days in which to file a written response to the coordinator’s summary, if the student so wishes.

5. The DRC panel shall review the student’s written statement, the coordinator’s written summary, any supporting documents, and any other documents the panel deems necessary in order to be informed about the issue.

6. Within 10 academic days of the receipt of the coordinator’s written summary, the DRC panel shall meet privately and independently with the student; the coordinator; and any faculty, staff, or administration members who may have information or expertise, or who may have been involved with the issue at hand.

7. The DRC panel has the discretion and authority to invite individuals outside of the college who are experts on the issue(s) involved to provide information or to sit on the panel as nonvoting members to provide counsel and advice to the DRC panel.

8. Within 10 academic days after the DRC panel has completed its review, it shall prepare a written report of its findings and recommendations. The panel will provide a copy of its report to the coordinator and to the student.

9. The student will have five academic days to appeal the report of the panel, as set forth in the appeals process. If the student does not file an appeal, the recommendations of the panel will be final. The coordinator will oversee the implementation of any recommendations made by the panel.

Any retaliation against a person involved in the ADA grievance process is strictly prohibited. It is also a violation of this policy to make a false accusation or knowingly provide false information pertaining to a grievance. Any student, staff, or faculty member who engages in either retaliation or in providing false information will be subject to disciplinary action, up to and including expulsion or termination. Those who believe they are a victim of retaliation should contact the associate vice president of student affairs/dean of students.

10. ADA Appeals Process

Students who wish to appeal the findings and recommendations of the DRC panel may do so by taking the following steps:
1. The student must file the appeal within five academic days from the date the panel report was issued. The appeal shall be filed with the coordinator and must state the following:
   a. the portions of the report with which the student disagrees
   b. the reasons the student disagrees
   c. the supporting evidence for the student’s disagreement
   d. the outcome the student is seeking by appealing

2. The coordinator will send to the college provost the student’s appeal file, which shall contain the student’s appeal, the DRC panel report, the coordinator’s summary, the student’s response, and any supporting documents or evidence reviewed by the DRC panel.

3. Within 10 academic days of receipt of the appeal and the report, the president will convene an appeal panel consisting of the college president and two members of the executive team who have not been involved in any prior proceedings or discussions regarding the student. If the president is unable to participate, the president or provost may appoint another member of the executive team to act in place of the president.

4. The appeals panel may, at its discretion and in any order, meet with the student, the DRC panel, the coordinator, and/or any of the outside experts that the panel may have consulted.

5. The appeals panel will prepare and issue a written decision addressing the issues raised by the student in their appeal. A copy of the decision will be provided to the student and the coordinator, who will inform the DRC panel of the decision.

6. The decision of the appeals panel will be final.

11. Behavior Intervention

If a student exhibits behavior or engages in conduct that threatens or impacts their safety or well-being or the safety or well-being of others, the dean of students or designated agent will intervene and take action as they believe is necessary to protect the student; other people; or the faculty, staff, and property of the college. Such action may include, but is not limited to, referring the student to counseling, requiring the student to leave the residence halls, requiring the student to leave school, and notifying law enforcement. Further, the college reserves the right to notify a student’s parents/guardians, with or without the permission of the student and regardless of the student’s age or status, when, in the judgment of the college, the student or others may be at risk. Westminster also utilizes the Threat Assessment and Behavior
Intervention Committee (TABIC) group to actively promote safety on campus and review situations where safety is at issue.

12. Missing Residential Student Policy

A student may be considered to be a "missing person" if the student's absence from campus is contrary to their usual pattern of behavior and the college has reasonable belief that the unusual circumstances may have caused the absence. Such circumstances may include, but not be limited to: (a) a report or suspicion that the student may be a victim of foul play; (b) the student has expressed suicidal thoughts, may be drug dependent, or in a life-threatening situation; or (c) if the student is overdue returning to campus and is not heard from after giving a specific return time to friends or family.

If a member of the college community has reason to believe that a student is missing, whether or not the student resides on campus, that individual should contact campus patrol. Campus patrol will collaborate with student affairs staff to make an effort to locate the student and determine their state of health and well-being. Campus patrol will gather pertinent information about the student from the reporting person. Such information may include description, cellular phone number, clothes last worn, vehicle description, information about the physical and emotional well-being of the student, an up-to-date photograph, etc.

College officials will also endeavor to determine the student's whereabouts through contact with friends, associates, and/or employers of the student; and determine whether the student has been attending classes, scheduled organizational or academic meetings, and work. If the student is an on-campus resident, campus patrol may make a welfare entry into the student's room. If the student resides off-campus, campus patrol will informally enlist the aid of the neighboring police agency having jurisdiction.

If a residential student is reported missing and cannot be located, certain notices will be made as follows:

- The director of campus security will notify local law enforcement within 24 hours of receiving the initial report.
- The dean of students will notify the student's designated emergency contact once campus patrol or local law enforcement personnel make a determination that the student has been missing for more than 24 hours.
- If the student is under the age of 18, the dean of students will notify parents/guardians and any other designated contact person within 24 hours after campus patrol receives the initial missing person report to determine whether they know the whereabouts of the student.

If the student is an off-campus resident, the dean of students will notify the appropriate family members or associates within 24 hours of receiving the initial report. These individuals will then be encouraged to make an official missing-person report to the law enforcement agency with jurisdiction. Campus patrol will cooperate, aid, and assist the primary investigate agency as appropriate.
After the student has been located, the dean of students will attempt to verify the student's state of health and intention of returning to the campus. When and where appropriate, a referral may be made to the Student Counseling Center and/or the Student Health Center.

13. Parental Notification of Alcohol/Substance Abuse and Emotional Issues

When a student is involved in campus policy violations where alcohol or substance abuse is present, the dean of students may notify the student's parents. Where possible, the dean will also inform the student that their parents will be notified. Parents may also be contacted when the dean of students has reason to believe that a student is engaging in behavior that threatens their health or safety or the health or safety of others. This is in accordance to the Family Educational Right and Privacy Act of 1979.

14. Policy on Weapons and Non-Weapons Intended to Cause Harm

The possession, use, or display of weapons (including, but not limited to, firearms, stun guns, BB guns, ammunition for weapons, knives, switchblades, large knives, butterfly knives, hatchets, axes, swords, incendiary devices, explosives, mace, pepper spray, and chemicals) and non-weapon objects to be used for causing harm (including, but not limited to, sledgehammers, tire irons, shovels, fire extinguishers, baseball bats, golf clubs, cricket bats, dumbbells, glass objects (such as beer bottles), 2x4s, pipes, bricks, rocks, and vehicles) is strictly prohibited on campus or while conducting college business off campus. The storage of any weapons or non-weapons intended to cause harm in campus facilities or in vehicles parked on campus property is also prohibited. Each member of the campus community has the responsibility and duty to immediately report any knowledge they may have regarding the possession, use, or display of weapons, ammunition, or non-weapons intending to cause harm on campus. Failure to abide by this policy may result in disciplinary action.

15. Damage to Personal Property

All students are responsible for the security and safety of their personal property. Westminster College is not responsible for the theft, loss, or damage, whether intentional or accidental, to the personal property owned by students. We encourage all students to purchase appropriate insurance and make a list, including descriptions, make, model, and registration numbers for valuable items. In addition, we strongly encourage all residential students to purchase rental insurance and to take appropriate steps to keep personal property safe. Students are encouraged to report incidents of theft or damage to the police and/or the college's campus patrol. If the student believes another student is responsible for the theft or damage, the student may make a report as described in the Student Disciplinary Policy. While the college will take action as set forth in the disciplinary policy, the college will not enforce criminal or civil orders related to damages or restitution; nor will the college attempt to collect.
any monies on behalf of one student against another student, whether court-ordered or agreed to informally or through mediation or arbitration.

16. Responsible Use of Information Technology Policy

The full Responsible Use of Information Technology Policy is online at westminstercollege.edu/internal-content/resources-and-services/information-services-and-support. All students are responsible for reading, understanding, and adhering to the policy.

Westminster College provides its students, faculty, staff, and approved guests with information technology resources for enhancing and facilitating teaching and learning and for the institutional administration of the college. These resources include, but are not limited to, hardware, applications software, library and information resource databases, consulting time and expertise of staff, and Internet and networking resources.

The college’s computers and networks provide users with access to resources on and off campus and give them the ability to communicate with other users worldwide. This open access requires users to act responsibly and adhere to legal and ethical standards. Users should be considerate of the needs of others, do nothing purposefully or carelessly to impede anyone else’s ability to use the computer and network resources, and observe all relevant laws and regulations. All users are expected to follow the guidelines of this policy.

The following list, though not covering every situation, specifies some of the conduct that violates the responsible use of information technology policy:

- Intentional damage to hardware, software, security devices, or codes or the creation or distribution of viruses, worms, or other forms of electronic mayhem
- Unauthorized configuration and operation of any kind of server such as a Web server, FTP server, or file server
- Creating, displaying, or transmitting threatening, racist, sexist, obscene, abusive, or harassing language or materials
- Unauthorized use of a computer account or distribution of a password
- Using electronic mail to harass or threaten others, including sending repeated, unwanted e-mail to another user
- Sending personal announcements or advertisements to all faculty, staff, or students via the college electronic mail system
- Commercial, for-profit activities, unless officially sanctioned by the college
- Unauthorized Internet access to computers at other locations
- Violation of local, state, or federal laws; copyright laws; or institutional rules

Failure to comply with the guidelines for acceptable use will result in disciplinary action. Serious or multiple infractions may cause the user to be denied access to college computers and networks. The use of any college information technology resource implies acceptance of all current operational policies. It is the responsibility of each individual to be familiar with and abide by all current operational policies.

19. Smoking on Campus

Westminster College is committed to working toward a cleaner and more sustainable environment by reducing air pollution on campus. We abide by the Utah Clean Air Act. Smoking (including electronic cigarettes) is prohibited in all facilities, buildings, offices, residence halls, apartments, and any other enclosed spaces on campus. Although people may smoke outside on campus, they are not permitted to smoke within 25 feet of any building entrance, exit, or window. Because smoking negatively impacts the health of others, smokers must refrain from smoking in areas through which non-smokers must pass; they must extinguish their cigarettes or move away when asked to do so by any visitor, employee, or student. Individuals are subject to state-mandated fines, college fines, and other disciplinary action. Employees and students are encouraged to hold each other accountable and may report any violations to the Dean of Students Office.

20. Student Expression

Students who function and live in a college environment are encouraged to exercise freedom of expression and to participate responsibly in the freedoms of membership in a democratic society. Uncensored speech—which does not include a right to harass, injure, or silence others—is essential in an academic community. Demonstrations and fixed exhibits are permitted on Westminster’s campus so long as they are orderly; lawful; congruent with standards of civility, consideration, and tolerance; and in keeping with the college’s mission, values, and all other policies within the Student Code of Conduct.

a. Demonstrations
Students may hold timely demonstrations in response to current events and are free to express their views individually or in organized groups on any topic. They are subject to rules necessary to preserve the equal rights of others and other functions of the college. Reasoned dissent is welcome at Westminster; disruption of college activities is not, and such behavior will not be tolerated. Members of the community are free to support causes by orderly means that do not disrupt the regular operation of the college community. Students speak only for themselves in their public expressions and/or demonstrations and may not claim to speak for, or otherwise represent, the position of the college, unless officially sanctioned by the executive director of marketing and communication.

The right of students to demonstrate on campus may not interfere with the rights of others to engage in and benefit from the educational programs and services of the college. Accordingly, the college reserves the right to control the details of such events that occur on campus and to maintain campus safety and order. The particular regulations applicable to any demonstration will be determined by the Dean of Students Office in cooperation with the director of campus security.

Demonstrations which endanger the college community, use force or a threat of force, violate the law, defame a specific individual, present a genuine threat or harassment, invade the rights of others, or interrupt the functioning of the college will be disbanded. Infringing on the expression of views—either by interfering with a speaker or by defacing or removing properly posted or distributed notices or materials—will not be tolerated.

The college may regulate demonstrations in the many different ways, including, by way of example, the following:

- Protestors may be assigned to particular locations on campus
- Demonstrations must occur within the hours of normal operations for the facility or space in which they occur (if applicable)
- Demonstrations are prohibited during final exams
- Demonstrations may not take place indoors with the exception of the Shaw Student Center
- Demonstrations may not take place in any space that has been concurrently reserved by other members of the College community or guests
- Demonstrations may not impede the free flow of pedestrian or vehicular traffic, block thoroughfares, or obstruct campus building entry or exit points
- Demonstrations may not exceed the occupant capacity for any campus space, and demonstrators may not obstruct any emergency exit routes
- Demonstrators may neither impede nor harass people wishing to see or hear a speaker or attend an event
- Demonstrations may not utilize amplified sound in a manner that substantially interferes with classes or other events in progress
- Amplified sound may not be used inside any building at any time
- Use of camping and other temporary structures is not allowed
Use of masks, helmets, and open flames is prohibited

Individual students or recognized student organizations intending to organize a demonstration are encouraged to notify the Dean of Students Office two (2) business days in advance. Upon receiving notification, a representative of the DOS will offer to meet with organizers to provide appropriate support and resources to mitigate risk and protect participants’ rights. Notifications received fewer than two (2) days before the demonstration may be reviewed subject to staff availability; however, support and resources may be limited.

b. Fixed Exhibits

Fixed exhibits, such as posters, flyers, ribbons, banners, or free-standing displays—due to their unique nature—must be coordinated with the Dean of Students Office in consultation with other stakeholders (campus reservations, campus safety, facilities, etc.). Individual students or recognized student organizations wishing to sponsor a fixed exhibit must submit a request to the Dean of Students Office at least two (2) business days before installation. Following receipt of this request, the sponsoring party must meet with a member of the Dean of Students Office to discuss expectations, rights, responsibilities, and logistical considerations which must be mutually understood and accepted. Prior to the installation of the fixed exhibit, sponsoring parties will receive written notification of the agreed upon parameters from the Dean of Students Office, which will have the effect of an agreement and be subject to the student conduct process. Fixed exhibits may only remain displayed for five (5) or fewer consecutive business days and may not be displayed during college holidays. The sponsoring party is responsible for any damage to college property resulting from the exhibit.

c. Accountability

Demonstrations and fixed exhibits that appear to violate the Student Code of Conduct may be interrupted or stopped at the direction of the dean of students or designee. Upon report of any possible violation of the Student Code of Conduct that takes place as part of a demonstration or fixed exhibit, participants, organizers, or sponsors may be subject to the student conduct process and/or referral to local law enforcement agencies.
