If you are sexually assaulted:

- Seek medical care as soon as possible.
- Do your best to preserve all physical evidence, even if you don’t know if you want to report the assault or press charges.
- Do not shower, bathe, eat, brush your teeth, or wash your hands.
- Make sure a rape kit is done within five days of the assault.

Do your best to preserve all physical evidence, even if you don't know if you want to report the assault or press charges.
