Additions to SPED Resources Website

Students will add a minimum of five (5) resources used during student teaching. Ideas include (but are not limited to):

- Setting up a classroom/classroom design (e.g. Pinterest)
- Scheduling students and paraeducators
- Curriculum materials (e.g. TouchMath or Kahn Academy)
- Professional development opportunities

In lieu of an APA-style annotated bibliography, students must include a 2-3 sentence description of each reference on their website. Students will include a link to their website in their digital portfolio.
